## C&NW Orders \$12.3 Million Ore Terminal In Escanaba

THIS AERIAL VIEW of the Chicago & North Western Railway dock in Escanaba as it is today shows the site for the \$12.3 million Escanaba Ore Terminal which the North Western announced today. The administration build-

ing will be north of the dock approach at the top of the picture. The rotary car dumper will be on a new rail line to be built shoreward of the C&NW main line track (at left) in line with the dock, which will be on the substructure of

the existing dock. The ore storage yard will be the foreground area to the right, about 3,000 feet in length. The Gustafson Oil Co. tank farm beside the dock will be removed to make room for ore storage and the 60-acre yard

area will be filled on the bay side to establish a grade. The rail line to the right in the yard will be removed in the terminal development. More pictures on Pages 8 and 12. (Escanaba Daily Press photo by Bernard Schultz, courtesy of Jon Thorin Aviation)

### Rail Strike Brings Chaos To U.S. Transportation

By The Associated Press

The nation's biggest railroad strike in 29 years took hold today, virtually wiping out commuter train traffic, severing a main link between farm and marketplace and partially blocking the flow of arms for the Vietnam war.

The White House expressed deep concern and pressed for legislation that could end the day-old strike by 137,000 shopcraft union workers by tonight.

More than 30 railroads were completely shut down and passenger service between East and West coasts was cut off.

Only parts of New England and the South escaped the full force of the strike.

Nearly 400,000 commuters used to catching the 7:58 from Scarsdale to New York or Winnetka to Chicago rose early to fight expressway traffic jams.

Others headed for the city Sunday and checked into hotels.

Secretary of Defense Robert S. McNamara said the strike already had interrupted the weekly movement of 1,000 ammunition-carrying freight cars to the West Coast for transshipment to Vietnam, and called the stoppage effect on the war effort "immediate."

"Let's not kid ourselves—we have chaos," said Secretary of Transportation Alan S. Boyd.

While some freights still rolled with persnickiness, hundreds more were shunted off

the rails to icing and refrigeration points. The Southern Pacific Railroad rushed trucks to the San Fernando Valley and to Yuma, Ariz. to save the cantaloupe harvest. Officials worried

about how to feed stranded livestock.

The nation's mail was affected. Postmaster General Lawrence O'Brien announced a general moratorium on second, third and fourth class mail to destinations more than 150 miles from the mailing point. O'Brien asked that first class and air mail be used only when absolutely necessary.

The strike gathered momentum Sunday, spreading from west to east and south as railroad men at yards and terminals along the nation's 216,000 miles of track moved trains to sidings, slammed down ticket windows and traded old cans and wrenches for picket signs.

The work stoppages began after the expiration at midnight Sunday of an agreement between the six unions and Congress. Only the International Association of Machinists issued a strike call, but union men said they felt free to walk out after a year of wage disagreements and fruitless bargaining.

"Tired Of Waiting" "Now we're tired of waiting. Our people just can't live on \$3.06 an hour," said W. J. Stau-

Administration officials outside the conference room had told the strike to repass its bill.

The way thus was opened for the Senate to repass its bill.

The House, which last month rejected the Senate proposal, is expected to go along this time, sending the measure to President Johnson and giving him an opportunity to sign it and put into action the machinery to stop the tieup which has halted most of the nation's rail traffic.

To Amend Bill

### All-Year Usage For Mechanized Ore Dock Yard

The Chicago & North Western Railway today announced plans for construction of a \$12,300,000 highly mechanized iron ore transfer and storage terminal in Escanaba.

Ben W. Heineman, chairman of the North Western, said the new terminal will be designed to unload trains and handle iron ore pellets for storage on a year-round basis. The new dock in the terminal, replacing the present dock, will load vessels with pellets and unprocessed ore during the shipping season, which is longer at Escanaba than at any other upper lakes port.

Heineman said the new facility, to be known as Escanaba Ore Terminal, will be operated initially to handle up to 10 million tons of ore per year and will have an expansion potential to handle more than 20 million tons annually.

Big Storage Yard

The operations in the new terminal will be completely integrated with rotary car dumping equipment, storage area for 1.5 million tons of iron ore pellets, highly mechanized stacking and reclaiming equipment and a new 1,900-foot level dock all interconnected with an electrically powered system of conveyors as wide as 6 feet and running 600 feet a minute.

Heineman disclosed the plans for the new terminal at a luncheon meeting here in the House of Ludington at which the railroad hosted Michigan civic leaders and representatives of the iron ore industry. The North Western's chairman, who was accompanied by the road's new president, Larry S. Provo, and other North Western officers, said construction would start next spring, with

## Venetian Night:

# Ask Boat Owners To Join Parade

The skippers of boats — both power and sail — who would like to participate in the 1967 Venetian Night program to be held on Wednesday night were given a cordial welcome by the Yacht Club today.

"We expect a good response but it has been slow in coming," said Don Crawford of the EYC's Venetian Night committee. "There will be a tow available for the sail craft needing it and there will be flares and holders for everyone."

Boat owners are asked to phone Crawford at ST 6-0074 or they can sign up Wednesday evening after 6:30 at the harbor master's office.

The Venetian Night program, held for many years about mid-summer at the Yacht Basin under Yacht Club sponsorship with the cooperation of the city, attracts thousands of visitors.

The boats are gaily decorated

## Music Groups

Musical trios, combos or other groups interested in playing aboard one of the larger boats in the Venetian Night program are invited to contact Don Crawford at ST 6-0074. They will be welcomed aboard to play while the colorful parade is under way.

## City Council Meets Tonight

The Escanaba City Council will meet at 8 tonight at the City Hall, rather than Thursday night.

Bids will be opened for the printing of the annual report; objections will be heard to the assessment for the paving of 9th Ave. N., from Stephenson Ave. to Washington Ave.; and there will be a report on the reconsideration of the cast iron pipe bid.

Second reading, public hearing and adoption of an ordinance creating a Housing Commission is scheduled; and appointments to the proposed Commission is also scheduled. Consideration of the purchase of property for future city airport expansion; and first reading of an amendment providing for a reciprocal heating ordinance.

## Obituary

**MRS. WILLIAM ROBERTS**  
Funeral services for Mrs. William Roberts were held at 2:30 p.m. today from the Fasselbender Funeral Home in Marquette with Rev. Thomas Lindblad of the Grace Lutheran Church, Gwinn, officiating. Burial was in the Gwinn Cemetery. Pallbearers were Harlan, Robert, and Kenneth Peikie, Paul LaPorte, John Heath and Eddie Roberts.

**HENRY KUOVA**  
Funeral services for Henry Kuova were held at 2 p.m. Saturday at the Anderson-Johns Funeral Home with Rev. Peter Laaninen officiating. Pallbearers were: Arvo Huittala, Einar Koski, Sulo Ruotsala, Verner Hallinen, Bruno Nummelen and William Ruotsala.

**MRS. MABEL HARRIS**  
Funeral services for Mrs. Mabel Harris were held at 11 a.m. Saturday at the Anderson-Johns Funeral Home with Rev. Clifford DeVore officiating. Burial was in Fernwood Cemetery.

Animals other than fowls have gizzards. Such animals include the crayfish and its relatives, the earthworm and many insects.

# Viet War Claims 520 From State

DETROIT (AP)—At least 520 Michigan servicemen have lost their lives fighting in Vietnam, and the death toll is steadily rising as the troop buildup and the intensity of battle mount.

Figures compiled by the Detroit Free Press from the U.S. Department of Defense show that Michigan now stands seventh in the nation in the number of lives it has contributed to the war.

More than 11,900 men from throughout the country have perished in Vietnam, making that the fifth costliest war in the nation's history.

More men have died in the 3½-year-old conflict than in the Revolutionary War and the Spanish-American War. The number is one-third the 33,629 lives lost in Korea the last time the nation entered into a major conflict.

Though Negroes make up 11 per cent of the nation's civilian population, 23 per cent of American combat troops in Vietnam are Negro.

Sixteen per cent of the dead in Vietnam were Negro, and Rep. John Conyers, D-Mich., estimates that 90 Negroes are numbered among Michigan's war dead.

"There's discrimination in the draft," said Conyers. "If you want to stay out of the Army, you go to college. Negro kids don't go to college."

He called for an end to college deferments to bring to a more even balance the number of white and Negro casualties.

## Early Retirement Hearing Opens In Detroit July 26

DETROIT (AP)—A Senate subcommittee, headed by Sen. Walter F. Mondale, D-Minn., will hold an unusual three-stage hearing in Detroit July 26 when it takes testimony concerning early retirement.

The first stage will be to hear witnesses such as Walter Reuther, president of the United Auto Workers, a representative of the Chrysler Institute.

The hearing will then switch to an academic-type seminar during which a psychiatrist, an educator, two sociologists and an industrial expert will not only present testimony, but will engage in open discussion among themselves and with members of the subcommittee.

The third stage will consist of a session during which Mondale will invite comments from the audience.

During the "open meeting" phase, Mondale hopes to hear personal experiences of early retirees plus actions to testimony presented previously.

With its 520 deaths, Michigan ranks behind California, New York, Pennsylvania, Texas, Ohio and Illinois.

The first Michigan serviceman to die, says the Pentagon, was Marine Cpl. Ronald F. Skovlak of Warren. He was killed in October, 1963.

Until troop strengths were increased in mid-July of 1965, only 20 Michigan men had perished.

Presently, there are 460,000 U.S. servicemen in Vietnam. But Gen. William Westmoreland, commander of the U.S. forces in Vietnam recently asked for more troops.

## Canadians Ask Public Test Of Smoke Purifier

WINDSOR, Ont. (AP)—Three University of Windsor scientists who claim to have perfected a percolating device for removing up to 90 per cent of tars from cigarettes have announced they are offering their experiments to wide public scrutiny.

The three men—Dr. Joseph E. J. Habowski, a biologist, Otto Brudy, a research equipment designer, and his son, Peter, a chemistry technician — said Sunday night they were extending an invitation to major research groups in North America to apply to inspect the results and observe the experiments on tar-reducing aspects of their work.

The Windsor team announced Friday they had perfected the pease-size percolator device which they said could be adapted to remove any percentage of possibly injurious tars from a cigarette and further researches would reveal the most beneficial amount.

## Plowman Attends Rutgers School

Lytle F. Plowman, dean of 516 S. 17th St., Escanaba, dean of students at Bay de Noc Community College, attended the Summer School of Alcohol Studies at Rutgers, New Jersey's State University, New Brunswick, June 25-July 14, returning Saturday night.

The summer school, which is 2½ years old, gathers and teaches objective information about alcohol and alcoholism. It attempts to avoid the long-standing debate over drinking or not drinking and instead teaches its students scientific answers to the problems of alcohol use.

## War And Crime Called Liabilities Of Party By Hart

MOUNT CLEMENS (AP)—The stalemate in Vietnam and the problem of crime in the streets are the greatest liabilities the Democratic Party faces in 1968, says Sen. Philip A. Hart, D-Mich.

Speaking at a regional Democratic meeting in Mount Clemens Saturday, Hart said the war "is certainly no political asset." Hart, who recently returned from a tour of the Far East, said the war is causing domestic frustration, heightened by the "growing realization that we should never have gotten into Vietnam in the first place."

"An uneasy populace never bodes well for the incumbent administration," he said.

Hart said the crime problem is tough but solvable. He predicted some progress would be made toward a solution by the end of the year.

Henry Clay entered the House of Representatives in 1811 and was elected speaker on the first day of the session.

## Solemn Novena To St. Anne Begins Tuesday

Rev. Romeo Fillion O.M.I.

The solemn Novena to St. Anne, a preparatory to the great feast to be celebrated on Aug. 26, will begin Tuesday with evening services at 7 p.m. at St. Anne's Church.

Included in the service will be the sermon, distribution of Communion, Benediction of the Most Blessed Sacrament and veneration of the relic of St. Anne.

The Novena will be preached by Rev. Romeo Fillion, O.M.I. of Lowell, Mass. A native of Berlin, N.H., Rev. Fillion completed his college and theological studies in 1954 and was ordained a priest at St. John the Baptist Church of Lowell on June 17, 1954.

He has preached throughout the Northeastern and Central United States as well as in parts of Canada for the past 12 years. He has been stationed at the Oblate Retreat House in Hudson, N.H., Manville, R.I., and Williamamantic, Conn., as well as Notre Dame de Lourdes Parish, Lowell. He is presently in residence at the Oblate Provincial House, Lowell, as director of the Oblate Mission Band.

Following services on Friday there will be blessing of the cards.

## Weekend Traffic Kills 15 In State

By The Associated Press  
A motorcycle veered out of control and struck a parked car, killing a young Pontiac man and boosting Michigan's weekend highway death toll to 15.

Killed when the cycle crashed Sunday night in Pontiac was Paul E. Umphrey, 23.

# Air War Costs 2 More Planes; Pilots Rescued

SAIGON (AP)—Giant American B52 Stratoforts unloaded close to a million pounds of bombs on five major Communist concentration areas in South Vietnam Sunday night and today.

The heavy raids were scattered from the Mekong Delta to the northern provinces just below the demilitarized zone. They included a strike at the infiltration route used by Red troops entering the central highlands, where a Communist offensive is threatened.

The air war over North and South Vietnam cost two more American planes, but both pilots were rescued, U.S. commanders said.

A Navy Skyhawk jet was downed by ground fire somewhere between the Hanoi area and Thanh Hoa. It was the 160th U.S. combat plane announced lost over North Vietnam. The pilot remained hidden overnight and was lifted out by helicopter this morning, a spokesman said.

The second loss was an Air Force F100 jet downed Saturday by ground fire from a Communist stronghold in South Vietnam's War Zone C, near the Cambodian border. It was the 194th U.S. combat plane reported lost to enemy fire in South Vietnam.

Only light and scattered ground fighting was reported. Operation Hickory II, a three-day U.S. and South Vietnamese sweep to clear out North Vietnamese troops southwest of the much-battered Marine post at Con Thien, ended with less than 100 enemy reported killed.

## Newark Rioting Quieted; 24 Die

NEWARK, N.J. (AP)—New Jersey's largest city had its first night of relative quiet in five violent days Sunday, but gunfire and firebombs mushroomed in small, nearby Plainfield, where National Guardsmen were called in after a white policeman was shot and beaten to death as Negro gangs rampaged.

Trouble also echoed in Jersey City, where a group of teen-agers was scattered after smashing several windows with rocks and firebombs, and in adjacent East Orange, where police arrested three white men for firing from a car at a Negro boy.

Guardsmen stationed on every corner along Newark's ravaged Springfield Avenue reported scattered but considerably subdued sniper fire after dark, and no more of the looting and fire-bombing that left the Negro shopping area a mass of broken boards and glass.

Three more riot deaths Sunday brought the Newark total to 24. A woman was shot before dawn, a youth died from gunfire while looting a store, and a 12-year-old boy was shot after dark. Gov. Richard J. Hughes said some bodies probably still lie undetected on roofs or inside buildings.

More than 1,100 persons have been hurt in the nation's worst racial riot since Watts in 1965. Property damage soared past \$5 million.

## Dies In Vietnam

SAIGON (AP)—Army Pfc. Michael P. Cassidy, 29, of Kalamazoo, has died of injuries suffered in a traffic accident in Saigon, the Army announced Saturday.

PICKETS OF THE machinists union stand before a gateway to Burlington railroad yards near Union Station in Chicago today. Idle trains are in background. The walkout hit railroads from coast to coast. (AP Wirephoto)

## Only Ore Moves On U.P.'s Rails

Escanaba and the Upper Peninsula were seriously affected by the strike of railroad shopcraft unions today. No passenger trains were running, mails were in an increasing transportation snarl, but ore still was moving from the mines to dockside here and some local freight trains were operating.

### 'Dog Problem' Grows In City

"It is apparent that the dog situation is getting out of control," in Escanaba, City Manager George Harvey said after reviewing the dog complaints received by city police in the past two months.

He told the City Council the report was "quite a lengthy list" of dog problems.

He said that he is calling on Police Chief Joseph Corcoran Administrative Assistant Howard Smale to discuss with Sheriff Harold Finman the possibility of our (the city) furnishing help to the sheriff to help him in this situation.

"Should we do this, the employees would be under the direction of the sheriff, but his duties and responsibilities would be confined within our city limits," Harvey reported.

There are problems with the cat population in the city and hopefully that situation can be corrected also, he added.

Escanaba also has a difficult problem with fish — not live out dead ones, Harvey continued in his report to the City Council.

The Ludington Park swimming beach was cluttered with a smelly mass of dead shad or alewife that came in before a strong south wind. Lifeguards gathered and buried the rotting fish but there were more in the water.

Bacteria count went to a "critical" high on June 27, dropped down to safe limits again, and is now being tested daily to see what effect the dead fish have on it.

strike had a spotty character. But as the need for maintenance of equipment is felt and as the striking unions set up pickets, the influence of the strike would be felt more forcefully in the U.P.

#### Trucks Move Mail

Mail normally moves northward from Detroit to Escanaba and the U.P. by truck and by rail from Chicago to Green Bay and Iron Mountain. Because the trains weren't running today all mail was moving by truck and postal officials said it would be "messed up" and that the full effect of the delay would not be assessable until Tuesday.

Rene Labre, Chicago & North Western clerk in Escanaba, said the strike had ended freight train runs between Ishpeming, Iron Mountain and Green Bay and passenger train runs between Ishpeming and Green Bay and all the way to Chicago. Ore trains were running to Escanaba because the strike effect was being felt initially only in shopcraft union areas, so local freight traffic still was operating in places.

C&NW agent Daryl Oswald at Ishpeming said the shopcraft unions were made up of maintenance people who work on diesel engines, machinists, electricians, etc., and that they didn't have representatives at all rail points. When equipment stopped, there'd be no one to service it.

#### Ore Trains Continue

C&NW ran an ore train out of the Empire Mine near Palmer to Escanaba last night and ran off the Menominee Range and expected to continue ore train movements today.

North Western operations

north of Green Bay were continuing today but were far from normal—and there was hour-by-hour threat of a total shutdown.

The apparent "normal" loading of ore at Escanaba despite the strike is subject to stoppage as soon as a picket line appears on the scene, a North Western representative said.

#### Ore Haul Lag

The North Western's movement of iron ore through Escanaba, which has been lagging much of this season compared to a year ago, is on the point of picking up — unless it is now stopped by the strike, said Lee McMillan, dock agent.

"We have a quite heavy schedule of loading starting today, after a rather slack three weeks," he said.

"The tonnage to date is 2,631,000 — about 300,000 tons under last year's 2,930,000 tons for the same period," McMillan reported. "With some increase in traffic we could catch up with and go beyond last season's total."

The ore carrier Hutchinson is here for loading today, the Benson Ford and E. J. Block will be here Tuesday, the International and Joseph Block on Wednesday, and the J. H. Thompson, C. B. Randall and the return of the E. J. Block on Friday.

#### Other U.P. Roads

President Lynn Coleman of the Lake Superior & Ishpeming Railroad said the strike was not nationwide, but was progressive. The striking shopcraft unions represent a larger percentage of LS&I employees than the non-striking transportation unions, but the road was moving ore to the lakes and congressional action to end the strike was looked for today. LS&I wasn't able to exchange traffic with the C&NW.

Charles Francisco, trainmaster and station agent of the Soo Line at Marquette, said it was not affected by the strike in the U.P. except where it connected with other railroads, like the New York Central at Mackinaw City and the C&NW at Ishpeming and Milwaukee freight trains were still running.

### Briefly Told

The Escanaba Assembly No. 640 Fourth Degree Knights of Columbus will meet Wednesday, July 19, at the K. C. Clubrooms at 8 p.m. Ernest Bernier, faithful navigator, will preside.

Daniel J. Schuster, 17, of Stephenson, entered a plea of guilty when arraigned today in Escanaba Municipal Court to a charge of larceny of hub caps and paid a fine of \$25 and costs of \$5. He was arrested by Escanaba police Saturday night at the U.P. Fair Grounds parking lot.

Escanaba police have issued traffic court summonses to David J. Tebeur, 1117 1st Ave. N., defective equipment and excessive motor noise; Roger J. Boudreau, 322 S. 8th St., speeding and excessive tire noise; and Rodger J. Gardner, 417 N. 5th St., careless driving.

Two persons suffered slight injuries in a traffic accident at 14th Ave. N. and 19th St. at 1:37 p.m. Sunday. It is reported by city police. Injured were Dale Chouinard, 17, Escanaba Rte. 1, passenger in a car driven by Donald J. Seymour of Escanaba Rte. 1; and Mary Almonroeder, 18, of 300 N. 14th St., who was riding in a car driven by Samuel A. Trentin, 18, of Escanaba Rte. 1.

The deepest oil well drilled in Texas went down 25,340 feet and turned out to be a dry hole.

## Only 1st. Class, Airmail Taken,

Escanaba Postmaster James Pryal said today as mail service eroded in the national strike of railroad shopcraft unions that all first class and airmail would continue to be accepted.

"Acceptance of all other mail matter will be temporarily suspended, if for delivery beyond the second parcel post zone area" said Pryal. "This temporary suspension also includes special delivery and special handling parcel post."

The suspension of service includes all international mails, except airmail and letter mail where the distance from the domestic mailing office to the exit point exceeds the second parcel post zone.

Emergency parcel post shipments, such as medicines will have to bear first class or airmail postage in order to move, during the temporary suspension of service, beyond the second parcel post zone.

Second, third and fourth class matter will be accepted and delivered to offices in the first and second zones from the point of entry.

## Science Shrinks Painful Hemorrhoids Stops Itch—Relieves Pain

Finds Way That Both Relieves Pain and Shrinks Piles In Most Cases

New York, N.Y. (Special): Science has found a special formula with the ability, in most cases—to shrink hemorrhoids, stop itching and relieve pain.

In case after case doctors proved, while gently relieving pain, actual reduction (shrink-

### Dual Enrollment

LANSING (AP) — Some 70 vocational training leaders from throughout the state will meet July 17 for a three-day conference on the application of the shared-time or dual-enrollment concept in area vocational education. Under this approach, a student might be enrolled in one high school and take vocational courses at another school.

## New Face For Our Oldest Industry

Chairman Ben W. Heineman of the Chicago & North Western Railway today announced that the railroad will invest \$12.3 million in an "Escanaba Ore Terminal."

It will be a highly mechanized transfer facility that, coming on the 103rd anniversary of the start of iron ore shipping from the Port of Escanaba by the North Western, will give the port a new character and brighten the prospect for its continuing usefulness in a second century in the iron industry.

There are 22 ore transfer facilities on the Great Lakes and connecting waters from Duluth to Quebec, and when the North Western completes its Escanaba project none will be more modern. The work will take a year and a half and will transform the familiar seasonal ore dock here into an all-year operation which will end the need for storage of ore at the mine when the lake navigation season closes in December.

The ore trains from the iron ranges will move into the terminal and become part of a mechanized process that will grip and overturn for emptying three cars at a time at the rate of over 100 tons a minute. The spilled ore—increasingly it will be pelletized—will move on conveyors at 600 feet a minute and 500,000 tons an hour to vessels at docks, or, when there's no waiting ship, to stockpiles in a yard that will accommodate over 1.5 million tons. The yard can be expended to 4 million ton capacity.

A stacker will pile the ore in the yard and a bucket wheel reclaimer will scoop it up at the rate of 7,000 tons an hour to put it back in the conveyor system for movement to the dock and shiploader.

The project, coming three years after the City of Escanaba's community tribute to the Chicago & North Western as a community builder in the Ore Centennial celebration, is historic news for many reasons. They include:

1. The city's oldest industry has ordered its biggest investment ever here.

2. After planning with mining and steel companies the North Western has confirmed the usefulness of ore transfer here and has spent over \$1 million on engineering on the modernization project. The project confirms the logistic excellence of Escanaba as the steel industry changes its base to meet new conditions.

3. Change from seasonal to all-year operation—in prospect is a minimum of 9 months of dock operation and perhaps eventually all year navigation—means uninterrupted payroll for railroaders and terminal workers.

4. The multi-million dollar investment means a larger tax base for Escanaba to help with the city's tax needs for growth.

5. The development moves an old industry into a new era with new dimensions of mechanization, efficiency and profits, and new expectations in longevity.

6. The planning of the North Western is so modern and so good that not only will the "Escanaba Ore Terminal"—a gracious gesture of the railroad to the community in identification—be "The most efficient transloading facility ever designed" but it may also bring collateral benefits. There will be an observation platform on the terminal building for tourists and other guests so that they may see the transfer of iron ore from rail cars to lake vessels.

8. The big investment to change the character of the North Western's ore service here, offering all year operation and storage as well as loading, changes the character of the port, too. More vessels or larger ones (or both) will be coming to the new low conveyor dock. They can be fueled there and other auxiliary services may develop from the new type operation.

Escanaba is lucky in its geography and fortunate in its industrial association with the Chicago & North Western Railway, which again demonstrates under the dynamic leadership of Ben Heineman that it is alive and awake to opportunities for growth and willing to risk huge amounts of money in developing them.

For this big venture in modernization and quest of new opportunities the Escanaba Area thanks Ben Heineman & Co. He and his board have ordered that their railroad's capacity for ore handling here be doubled. The order sets in motion a chain of activities. If you see the icebreaker Mackinaw in Little Bay de Noc in another year or two it won't necessarily mean that spring has come.

## Polish Consul And Urge Schools To Two Attorneys Protect Records Sued For Million

DETROIT (AP)—The Polish consul general in Chicago and two attorneys are suing for \$1 million by a Detroit attorney who charges defamation of character.

Named as defendants in the suit, filed Friday, were Adolf Kiba, the consul general, and attorneys Richard Michael and Jacob Scherer.

The plaintiff, Frank Lemke, charged that the three men conspired with malice, evil and intention to ruin his good name, reputation and professional life.

The suit is an outgrowth of one brought by 11 relatives in Poland of the late Lucya Renczek, charging her estate of \$400,000. They charged that the suit, which had left the estate to one of the brothers in Detroit, was a forgery.

Lemke represented the estate.

## Heads Aging Panel

LANSING (AP)—Dr. Wilma Donahue, chairman of the Institute of Gerontology, jointly sponsored by the University of Michigan and Wayne State, has been elected chairman of the Michigan Commission on Aging. She succeeds John Martin, of Grand Rapids, who resigned, alcoholics in Britain.

## "You Pays Your Money an' You Takes Your Choice!"

## Letters To The Press

# Fine, Big Horses In 'Old Milwaukee'

Thanks to Schlitz and millions of beer drinkers, Old Milwaukee puts on an annual show fit to write home about. Leading the Independence Day parade is a rebuilt band wagon loaded to the gunwales with clownishly attired musicians and eased along by some eight tons of beautiful Belgian horse-flesh.

And following up come the marching bands from many corners of our great nation. The mounts of the riding groups are Arabs, Barbs, and, perhaps, the equal of any, our own quarter horse. The U. S. perhaps has more riding horses now than in 1867. Harness racing is also increasing. We're all ultra-modern indeed when no thrill is felt in seeing a winning horse coming around the track.

Next in line is a six horse

## People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

### 25 YEARS AGO

Cooney Hogan, Escanaba Golf Club star and former U. P. champion, sunk a hole-in-one on the par 3 No. 7 at the Escanaba Country Club. Hogan was playing with Wilford Peterson, Roy Starnie, Bob Deo and Stack Smith.

Vernon Whitney, son of Mr. and Mrs. Mose Whitney, arrived home from Panama where the ship he was aboard was torpedoed. Upon his arrival he told and retold his story numerous times to the many curious neighbors and friends.

### 50 YEARS AGO

Twenty-six new citizens of the United States took the oath of allegiance to the federal government before Judge R. C. Flannagan in the Circuit Court.

Pleading guilty to a charge of taking an automobile without the owner's permission, two Escanaba men were lectured and released on parole when they solemnly promised to attend church every Sunday for the next two years and not to enter a saloon or pool room for the same length of time.

## Tech Forestry Courses Okayed

LANSING (AP)—The State Board of Education said that it has approved four new degree programs for the 1967-68 school year at Central Michigan University and two at Michigan Tech.

The new CMU programs will lead to masters degrees in geography and journalism and specialist degrees in speech pathology and psychological services at the Mount Pleasant school.

A two-year terminal course for forest technicians and a similar course in forestry leading to a master's degree were approved for Michigan Tech at Houghton.

pride of France, well matched and nervous Percherons. One in the know can detect the curb bits on these animals. Then the more sedate and quieter Clydes from old Scotland, more bands, a group of clowns, and then a six-horse hitch of America's own Standard Bred. Oh, they will go 2,000 pounds, beautiful animals all. There were said to be over 350 draft horses in this parade.

After centuries of scientific breeding (and accidents) we are glad to know the seed is still here. As a woodsman I was glad to see the tractor relieve the horses from the summer's flies and winter's deep snow. So long as such as Schlitz cares to raise them, a few draft horses will remain on the American scene.

As a little boy I often sat up long past bed-time to hear horsemen expound on all the breeds. One of these horsemen had come to Milwaukee from Germany as a young man. A natural horseman, he hired out at Millers as a teamster. Beer consumption tapered off during the winter months so some of the teamsters headed for the pines on the Peshigo, Menominee, and Chippewa waters, or as far as Spaulding or Escanaba. Being young, able, and willing, they learned to skid and haul logs.

When long past his prime in the fall and winter of 1914-15, he could still put 150 hardwood logs on the skids every day at Baker's camp on the Beaver Branch with his mean stallion and bit mare. I've heard him remark: "They have to get up pretty early in the morning to fool me and my horses." He wasn't meaning to brag, but merely stating a fact.

Mr. Baker came up from Wausau to take out a section of logs for the Escanaba Wood-entire. Logs required a 12 inch top with very little sweep, and none less than 12 feet long. This section produced seven million feet of hardwood. Baker started in late September. By March 15, the logs were decked in front of the present C&NW depot.

In 1909 my brother and I saw our first circus parade in old Escanaba. It was the Ringling Brothers and Barnum & Bailey Combined Circus. In 1916 we again saw a parade led by William Frederic (Buffalo Bill) Cody on a beautiful white horse. This was also in Escanaba. It was an adventure quite a ways from home for woods boys of the time.

Buffalo Bill died at 73 in 1917. It was rumored he drank too much whisky. The medics had warned him to take it easy. But Old Bill died as he had lived. Once a millionaire, he died poor—or so the rumor goes.

So kids—and parents too—leave your car name, board the Peninsula "400" on July 3, 1968 and go see Old Milwaukee put on Joe Schlitz' annual 4th of July Parade. Then grandpa and grandmother won't be so prone to say what you missed of the good old days.

Better bring along a big basket of lunch, and coats, too, just in case our invigorating climate becomes a repetition of July 4, 1967. Those of you who have relatives in Milwaukee will be fortunate. The cheap but clean hotels are also getting to be a part of our past with the wrecking and rebuilding of our cities.

Homer L. Trombly, Sr. Buckeye Monitor Sault Ste. Marie

Q—Where did the name avocado originate?

A—The tree is the oldest fruit crop in Florida, where it was introduced by the Spanish. Its Spanish name "aguacate" sounds like "avocado" when it is spoken fast.

Q—Who were the first women colonists in America?

A—Misses Forrest and her maid Anne Burras, who arrived in Virginia in 1608. No women came over with the original Jamestown settlers in 1607.

Q—For how long have our familiar trees been growing in the United States?

A—The first record comes from the Potomac Valley, in Anne Arundel County, Md. There a remarkable forest was growing 95 million years ago.

Q—If no candidate for president receives a majority of the electoral votes, what procedure is followed?

A—Under the present election laws the election would be up to the U. S. House of Representatives, each state having one vote.

Q—Why is Colorado popularly known as "The Centennial State"?

A—The name stems from the fact that it was admitted to the Union in 1876, the 100th anniversary of American independence.

Jim: "You have played with everyone from the best to the worst. What type partner is the one who annoys you the most?"

Oswald: "In the 'Mikado' the Lord High Executioner sings, 'I've got them on my list. They never will be missed.' I have a long list but I guess the cop spot goes to the man who feels that he must show me that he has a five-card suit."

Jim: "You mean the man who insists on rebidding any five-card suit for fear you won't know about it?"

Oswald: "I might well have raised my partner directly to the king is certainly reasonable support but in view of my 4-3-3-3 distribution I elected to rebid to one no-trump."

When South jumped to three spades, I had no choice but to raise him to four I held only one honor in each of the four suits and if he was afraid of one of them, I was also."

Jim: "I take it that he didn't make ten tricks at spades."

Oswald: "No, indeed. He struggled, thought, huddled and made a production number of the whole play but the defense held on to the right cards and he wound up with the nine tricks he started with."

Jim: "The same nine tricks you would have made at no-trump."

Oswald: "The very same. I guess it was my fault anyway. I could have rebid to three no-trump and maybe I should have but I just can't bring myself to deny my partner support when he rebids his major suit and I have three to the king."

Jim: "The point is, South should just have raised you to three no-trump. He did hold five spades but they were going to be tricks at no-trump as well as at spades."

## ♥ CARD SYNC ♥

Q—The bidding has been:

West	North	East	South
Pass	1 ♠	Pass	1 ♠
Pass	3 ♠	Pass	3 ♠
Pass	4 ♠	Pass	5 ♠
Pass	5 ♠	Pass	?

You, South, hold:

♠ A Q J 8 5 ♣ A Q K J 7 6

What do you do now?

A—Bid five no-trump. This is not a slam slam force because you are sure just where you are heading. Instead, it leaves it up to your partner to place the slam.

## TODAY'S QUESTION

You bid five no-trump and your partner bids six no-trump. What do you do now?

Answer Tomorrow

## GOP Plans Picnic

ALLEGAN (AP)—Allegan County Republicans will hold a pot-luck picnic at the Fair Grounds July 26 with Lt. Gov. William Milliken among the guests.

## Ann Landers

# LSD Ruins Mind; Wrecks User's Life

Dear Ann Landers: People read your column who would never go to church, or read a decent book, or listen to their parents or to a doctor. I beg you to print this letter for just such people — particularly teen-agers and young adults who are becoming curious about LSD — wondering if maybe there isn't a great experience awaiting them out there.

I swear to you that every word of my letter is God's truth. I am writing it because I am so grateful to be one of the lucky ones who took a trip and came back undamaged. I will never try it again.

My age: 19. Status: student, West Coast University. Permanent residence: San Francisco. Father: physician. Mother: also a professional person (but I can't disclose her profession as it might reveal my identity).

In high school I made top grades without cracking a book. The university is a little tougher, but I do O.K. without too much sweat. I went to a couple of pot parties and I must say grass gave me a good feeling and it didn't seem to interfere with my ability to function. I also took a few "little white darlings" (pep pills) which gave me a boost but they also gave me headaches, so I quit.

One day someone suggested LSD — said it was the grooviest experience of all. I said, "O.K. I'll try it for experimental purposes." There is so much ugliness in the world that I felt if I could see some beauty, even with the help of LSD, why not?

So, I joined three others and took my first and only trip. I can't do justice to describing the weird sensations because I am not much of a writer. All I can say is that I felt as if the real me had left my body and floated upward to another world. I was lying there on the floor, watching another me whirl into space. I thought I was a butterfly with exquisitely colored wings. I flew around for what seemed like hours. I heard music — symphony music and rock and roll all mixed together. And then I heard a funeral dirge. It was the same music they played when they buried my hero, John F. Kennedy.

When I "woke up" I was laughing and crying. I felt hot and cold. I tried to stand but I couldn't make it. I was dinged out for three days. I heard bells and saw crazy lights flashing and couldn't concentrate on anything.

At a recent high school homecoming, we were shocked at how the rest of the class had aged.

An old-timer is a fellow who can remember when a young-star got a free ball and bat with a new knicker-pants suit.

What this world needs is a complete line of frozen feuds, for all peoples to enjoy.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

## Reading Program Open House Set

The annual "Open House Visitation" day for the Escanaba Area summer reading program has been set for Thursday morning.

Visiting schedule in Lemmer, Holy Name, and Webster Reading Centers is as follows: 1st session 9:00 a.m. to 10:00 a.m.; 2nd session 10:30 a.m. to 11:30 a.m.

All interested parents or residents of the area are invited to attend any or all of the reading centers. Approximately 500 students have been enrolled in the three reading centers.

The reading program staff includes 35 classroom teachers, two speech therapists, a school nurse, six teacher aides, an administrative secretary, three custodians, four bus drivers, and a director.

Speech therapy classes under the direction of Miss Leona Dougherty and Miss Ellen Runkel have approximately 100 students enrolled. Speech instructors have arranged speech therapy schedules that enable them to meet these students on a daily basis in all 3 reading centers. Additional students will be added to the speech schedule as time permits.

Field trips play a part in the overall reading program in that they provide experiential background material designed to better prepare students in reading readiness and increase their understanding of material being presented daily.

Parents desiring information on any phase of the program, may call the following numbers: Lemmer Center ST 6-5333, Holy Name Center ST 6-7152, Webster Center ST 6-6118.

## Slaving Of Girl Laid To Marine

GRAND RAPIDS (AP) — A murder warrant has been issued for a young Marine accused of slaying a 17-year-old Grand Rapids girl in the Pantlind Hotel.

The victim, Rosie Hardges, was found fully clothed and face down in a full bath tub in a hotel room Saturday morning.

Police say the medical examiner has not yet returned a verdict, but that the girl apparently died of drowning or strangulation.

The Marine, Eugene Tubbs, 19, of Grand Rapids, is being held in Lake County jail in Waukegan, Ill., for Grand Rapids police.

Waukegan police say Tubbs approached an Illinois state trooper at the Deerfield Toll Plaza of the Tri-State Tollway near Waukegan Saturday afternoon and said he wanted to give himself up.

Police in Grand Rapids say Tubbs registered in the hotel Friday afternoon. That evening he took Miss Hardges to a theater.

Later, police said, he went to her parents' home and told them he and the girl had had an argument and that Miss Hardges left him.

A maid found the girl's body Saturday morning and a warrant was issued for Tubbs' arrest.

## U Of M Hosts Atomic Meet

ANN ARBOR (AP) — The University of Michigan will host the first conference of the International Atomic Commission ever to be held at a U.S. university beginning today. Nuclear scientists from 25 countries including the United States, the Soviet Union, Japan and Germany will present more than 70 papers at the three-day meeting.

The talks will discuss the possibilities of converting atomic energy to peaceful uses.

## Legion Meeting

GRAND RAPIDS (AP) — The 49th annual convention of the American Legion of Michigan will be held in Grand Rapids July 20-23. Miles S. Amburgey of Reading and Wayne E. Squire of Trenton are the top contenders for the post of state commander the legion said today.

## Carson & Barnes Circus Pleases Audiences Here

Popcorn, peanuts, cracker jack!

The familiar cry rang out Sunday in Escanaba at the Carson & Barnes Circus, which presented two matinee shows to capacity audiences.

A feature attraction was "Sky King," Kirby Grant of TV fame, who entertained the crowds with two cowboy songs and "I Love The Circus."

Among other attractions and to the delight of the children as well as adults was the animal menagerie including elephants, lions, a camel, monkeys, bears, etc.

The rubber lady, a fire-eating midwife, and a tattoo man who even had the top of his bald head tattooed were featured.

In the big top show which lasted almost two hours, excitement was at its highest with acts in three rings and a grand finale.

## Railway Strike Brings Chaos To Transportation

(Continued From Page 1)

denmaier, a Philadelphia machinists union leader. "We're not strike-happy, but something just had to be done."

Lewis W. Menk, president of the Northern Pacific, called the strike "artificially created" and said it was "imposed on American railroads by union leaders."

The stoppage, which the Department of Transportation estimated would cover about 80 per cent of the nation's rail lines, was the most widespread since 1946. A three-day strike of engineers and trainmen completely shut down the industry then.

As the walkout spread, some trains just gave up. The Union Pacific's westbound "City of Portland" ground to a halt in Hinkle, Ore. 14 hours after the strike began. Most of the 322 passengers continued on by bus, but one woman paid \$75 for a taxi to Portland. Her train ticket over the same distance cost \$5.59.

PRIZE WINNING COVER for the U. P. State Fair Premium Book was painted by Miss Bonnie Moen, 16, the daughter of Mr. and Mrs. Cornel Moen of Manistique Rte. 1. The Book lists the various departments of the Fair and the premiums that this year total \$27,000.

## Hospital

Mrs. Myrtle Gallagher, 110 2nd Ave. N., has been discharged and is convalescing at charged from St. Francis Hospital.

## Beach Cleaning Job Corps Detail May Be Doubled

LUDINGTON (AP) — The federal government has offered up to 1,500 Job Corpsmen to help remove millions of dead fish that have piled up on the Lake Michigan shoreline.

Job Corps Director William F. Kelley said in Washington Saturday that the corps is immediately prepared to send in the manpower if the governors of affected states request help.

The small fish, called alewives, have been washing up on the shoreline in the millions, littering the beaches, creating a horrible stench and driving away tourists.

Sen. Robert P. Griffin has asked that the lakeshore be declared a national disaster area. The disaster designation would allow the areas to receive federal emergency relief funds.

Griffin said the fish continue to pile up, they could cause a serious pollution and health hazard.

## Rock Man Pays Drunk Driving Fine In Court

GLADSTONE — Ulysses B. Murdock, Rte. 1, Rock, paid a fine of \$50 and court costs of \$5.60 today after he pleaded guilty to a charge of drunk driving when arraigned before Justice Edward Goldworthy.

Murdock was arrested by Gladstone police at 1:35 a.m. Sunday. The conviction brings an automatic suspension of his driver's license.

## Railmen 'Force' Congress Action But It's Delayed

(Continued From Page 1)

newsmen privately they hoped the conferees would agree to disagree.

In that event, one said, it would be easier to amend the bill to conform to the present strike situation.

Thus the indications were that the legislation may provide for a possible government-imposed settlement which has been opposed by the unions.

Railroad officials said the strike early today had spread to the entire railroad industry with all major lines tied up.

Deadlocked For Month

The congressional committee has been deadlocked for more than a month in trying to resolve differing Senate and House bills. The Senate passed a House proposal calling for 90 days of intensive efforts to reach a voluntary settlement in the wage dispute and a compulsory settlement if that isn't possible. The House cut out the compulsory feature of President Johnson's proposal.

Congressional leaders summoned to the White House Sunday in the walkout's early hours promised to get anti-strike legislation to Johnson's desk by tonight.

Indications were that legislation would provide for a possible government-imposed settlement — a provision bitterly opposed by the unions.

President Joseph W. Ramsey, vice president of the Machinists Union whose locals began the walkout, said union national headquarters "would certainly give respect for the law" if Congress acts.

Johnson used up his anti-strike powers earlier in the lengthy pay dispute between six shopcraft unions and most of the nation's railroads, so had nowhere to turn but to Congress for a new law.

## Teacher Denies Striking Boy

DETROIT (AP) — A Detroit schoolteacher faces trial Saturday on a charge of assaulting a 16-year-old Little League baseball team manager.

The teacher, Fred Bowen, 25, is accused of hitting Lawrence Panter, of Detroit.

Panter said the attack took place while Bowen was serving as athletic director at Peterson Park on Detroit's northwest side.

Bowen pleaded innocent at arraignment in Recorder's Court Saturday. He was released on \$100 bond.

## Eisenhower Panel To Boost NATO

WASHINGTON (AP) — Rep. Marvin Esch, R-Mich., a member of the House Republican Committee on Western Affairs, has been invited to a breakfast conference with Gen. Dwight D. Eisenhower next Friday.

The meeting, to which all 15 members of the committee have been invited, will be held in the former President's Gettysburg, Pa., office.

The committee is formulating proposals for strengthening NATO, the alliance of the free nations.

## Preserve Hearing

LANSING (AP) — The Conservation Department plans a public hearing in Lansing July 25 on a proposal lengthening the annual hunting season on shooting preserves from 5 1/2 to 7 1/2 months.

## All-Year Usage For Mechanized Ore Dock Yard

(Continued From Page One)

the storage facility scheduled for completion in December, 1968, with the entire terminal in operation with the opening of navigation in April, 1969. Heineman said present ore handling and transloading operations will continue during construction.

"Our investment in this modern terminal," said Heineman, "is another manifestation of North Western's interest in the future economic growth and development of the upper Midwest region and its iron ore industry. With this modern and highly efficient terminal we seek to further strengthen the position of upper Michigan iron ore in competition with ore from other areas."

Port Enhanced

"As the only iron ore port on Lake Michigan, the strategic position of Escanaba will be substantially enhanced in serving the growing complex of steel plants on the Great Lakes, particularly in the Chicago and northern Indiana areas."

Heineman said that the new terminal will result in higher standards of efficiency achieved through year-round operation and a stabilized work force, in contrast to present operations which are mostly seasonal.

Under the new system, 100-car unit trains, each carrying 7,000 tons of iron ore pellets, will operate daily between the mines and the terminal. When loaded trains arrive at the terminal they will be automatically positioned and unloaded, three cars at a time at approximately 100 tons per minute, by an integrated operation of a 150-foot mechanical train positioner and a 72-foot tandem rotary car dumper. Heineman pointed out that the highly mechanized operation will result in tripling utilization of North Western's ore car fleet in serving Upper Peninsula mines.

Planned For Bigger Ships

From the unloading point, pellets or unprocessed ore will move via a 3,000-foot electrically-driven conveyor to an automatic shiploader on the new dock. The mechanical shiploader will load ore boats on either side of the low level dock at a rate of 6,800 tons per hour. Because ore boats have been steadily increasing in size, the shiploader will be designed to serve boats substantially larger than any in service on the Great Lakes today.

A pocket dock like the one now in use by the C&NW in Escanaba is theoretically the speediest kind of a dock, because the ship's load is on hand in pockets waiting to be chuted down into a ship's hold. But actually the new C&NW conveyor type dock will be half again as speedy because of the limitations on a pocket-type dock. It will also be superior in its ability to cope with the coming change in ship design.

Speedy New Dock

The present pocket dock requires that a ship be winched from one position to another alongside the dock to empty the pockets in different parts of the dock. At the new dock the ship will remain docked in one place and the conveyor will bring the ore to it from the train dumper or from the storage yard and the dock loader will move about to convey it into the ship's hold.

Oldest Port

The low-level 1,900-foot steel dock will be constructed on the foundation of the railroad's present high-level wooden dock which will be removed. The new dock will be equipped with a traveling shiploader with a pivoting boom for loading vessels of all sizes, including huge boats of 105-foot beam which have not been built yet but which are on shipbuilders' drawing boards. It will be the first shiploader of its kind in a U.S. ore yard.

Escanaba is the oldest rail water ore transfer port on the upper Great Lakes. Since 1864, when the North-Western built the first rail lines between Escanaba and inland iron mines, more than 355 million tons of ore originating on the Menominee, Marquette and Gogebic ranges of Upper Michigan have moved over the Escanaba ore docks.

## Lynda Vandermissen, William Elliott Wed

St. George's Church in Bark River was the setting Saturday, July 15 for the wedding of Lynda Louise Vandermissen and William Raymond Elliott of Streator, Ill.

Bouquets of summer flowers decorated the church altars and Rev. Thomas P. Dunleavy officiated at the double ring ceremony and nuptial mass at 4 p.m. Traditional wedding music was provided by the high school choir.

**Pearl De Sole**

Parents of the couple are Mr. and Mrs. Henry Vandermissen of Wilson and Mr. and Mrs. Allen Elliott Sr. of Streator, Ill.

The bride, given in marriage by her father, wore a floor length gown of white peau de sole accented with lace. The gown featured elbow length lace edged sleeves and a full length train also edged in lace. A headpiece of organza lilies and petals with pearl trim secured her bouffant three tiered veil of illusion and she carried a cascade bouquet of white feathered carnations and yellow sweetheart roses.

Maid of honor for her sister was Kristine Vandermissen of Wilson and bridesmaids were Mrs. Jerry Vandermissen of Wilson and Miss Phyllis Richer of Flat Rock.

**Mint Green**

They were attired in empire styled gowns of mint green sheer over taffeta with long bishop sleeves with daisy lace trim. They carried colonial bouquets of white and yellow carnations.

Bestman for his brother was Allen Elliott Jr. of Brookfield, Ill. and groomsmen were Thomas Centko of LaGrange, Ill. and Gene Pastirik of Streator, Ill. Seating the guests were James Vandermissen and Richard Easley, both of West Allis, Wis.

Mrs. Vandermissen wore for her daughter's wedding, a two piece aqua linen knit suit with matching accessories. The bridegroom's mother selected a blue floral print dress with matching accessories. Both mothers were presented corages of pink gladiolas.

**Reception**

The wedding reception was held at Marco's Star Light Room with a dance following. Assisting were Brenda Easley, Marilyn and Cheryl Ogren, Mrs. James Vandermissen and Mrs. Richard Easley.

When the newlyweds return from a honeymoon trip through Michigan, they will reside in Streator, Ill.

The bride is a Holy Name High School graduate and Mr. Elliott graduated from Woodland High School and is presently a photographer at Lorraine Studio, Streator.

Guests attended from Milwaukee, LaGrange, Brookfield, Streator, Ill., Kenosha, Wis., L'Anse, Kingsford, Rock and the surrounding area.

## People

Tell us about your guests: Phone 756-1021

After spending a months vacation with her parents, Mr. and Mrs. Ray LaPorte, Miss Nancy LaPorte left yesterday for Chicago where she has accepted a position with Carson, Pirie, Scott as an executive trainee. Miss LaPorte was awarded a Bachelor of Science degree in Home Economics from Michigan State University at its commencement held on June 11. She majored in retail merchandising.

Mrs. Robert Mayrand will return home today from Minneapolis, Minn., where she consulted with her attorney.

Mr. and Mrs. Walter Kostanko and daughter Denise, 13, left Friday for their home in Utica, Mich., after visiting at the home of Mr. and Mrs. William LaCrosse, 521 N. 19th St. Mrs. Kostanko is a daughter of the LaCrosse.

Mr. and Mrs. Ed Dault of Reseda, Calif. are visiting friends and relatives in Escanaba. They are staying at the Ed Demers residence, 404 S. 13th St.

A2C James Demers of Lackland AFB, San Antonio, Texas, is visiting his parents, Mr. and Mrs. Ed Demers, enroute to Stuttgart, Germany, where he will be stationed for the next three years.

Miss Elizabeth St. Peter, Burlingame, Calif., of the San Carlos, Calif., Enquirer editorial staff, is visiting her brother-in-law and sister, Mr. and Mrs. Jean Worth, 2001 Lake Shore Drive.

Visiting at the home of Mr. and Mrs. Nick Chapakis are cousins, Mr. and Mrs. Steve Stephenson of Beirut, Lebanon and Mr. and Mrs. Constantine Stephenson and three children who live in the states. The Steve Stephensons arrived in the states a week ago and drove to Escanaba Friday night with the Constantine Stephensons.

The visitors from Lebanon found the country interesting and the city of Escanaba "lovely". Mr. Stephenson, who is an artist in his spare time, did an oil of the view from under the bridge on the road leading to the Escanaba beach.

The guests will leave for California in a month.

Donald Tousignant, employed by the U.S. Department of Agriculture in Hyattsville, Md., arrived Sunday to spend a vacation with his parents, Mr. and Mrs. Tom Tousignant, 517 S. 10th St. Arriving today to spend two weeks with her parents, the Tousignants, are Mr. and Mrs. Clayton Sawdon and family of Pompano Beach, Fla.

Mrs. Oliver J. Derouin and children of North Highlands, Calif., returned to her home Sunday after spending a month at the home of her parents, Mr. and Mrs. Herman Polmanteer, 911 4th Ave. S.

Tuesday, July 18, 6:45 a.m.—Men's Breakfast Fellowship at the Sherman Hotel.

## Homemaking Tips

Parse a long narrow cucumber with small seeds and cut into thin short strips. Couple the cucumber with cooked whole snapbeans; marinate in French dressing and serve as a delightful salad.

Eggs Benedict benefit from being served with freshly cooked asparagus. For the eggs, top toasted buttered English muffin halves with pan-fried ham, poached eggs and Hollandaise sauce.

Interesting and good-tasting garnish for plain canned corn: a light sprinkling of coarsely grated cheddar cheese and paprika.

MISS UNIVERSE, Sylvia Hitchcock, a student at the University of Alabama, looks toward the Miss Universe crown as she holds it and her Miss USA crown high above her head after awakening Sunday morning. The Miss USA crown will go to Miss California, Susan Bradley of Tustin, Calif., who was the first runner up to Miss Hitchcock in the Miss USA contest. (AP Wirephoto)

THE ENGAGEMENT and approaching marriage of Miss Barbara Cline to William A. Flanagan has been announced. She is the daughter of Mr. and Mrs. William Cline of Whitney Farms and her fiancé is the son of Mr. and Mrs. William Flanagan, Oak Park, Ill. Miss Cline is a 1961 graduate of Holy Name High School and has spent the past six years in Chicago. Her fiancé is employed at the Bettis Atomic Power Laboratories, Pittsburgh, Pa., as a technical writer. The wedding will take place July 21 in Chicago.

## Births

LEWIS—Mr. and Mrs. Richard Lewis of 5116 N. 49th St., Milwaukee are the parents of twins, born Sunday afternoon in Milwaukee. They have been named Tracy Lynn and Michael Quinn. The mother is the former Susan Quinn of Escanaba. Grandparents are Mr. and Mrs. Thomas Quinn of 705 S. 10th St. and Mr. and Mrs. Vincent Lewis, 622 Stephenson Ave.

# MANISTIQUE

THE RONALD CLARK farm near Gould City will see the start of the farm management tour to be held July 22. Clark, pictured here as hay is being conveyed into a barn, winterfeeds a herd of 325 cattle in a beef feeder operation on 2,200 acres. The herd is outdoors during the winter, using a wooded area for shelter. Clark crosses Angus with Herefords and crosses the calves born of this cross with Charolais for a hybrid of more rapid growth. ## Rose Nepper's Grandson Picked For Music Study

Alan Bush, 16, son of Mr. and Mrs. James Bush, 1116 Pocahontas Drive, Madison, Wis., and grandson of Rose Nepper of Isabella has been selected to attend the Boston university summer music program for high school students. He was one of 50 from across the nation selected. A junior at Monona Grove High School, he will study percussion and attend rehearsals and concerts of the Boston Symphony orchestra at the Berkshire Music Center. His music instructor in high school is Foster Denaven. He also studies privately with Joe Rasmussen. His mother is the former Myrtle Morrison of Isabella.

## In Service

**Army Private Richard W. Stamper**, 17, son of Mr. and Mrs. Harold W. Stamper of Curtis, completed nine weeks of advanced infantry training at Ft. Polk, La., July 7. His last week of training was spent in guerrilla warfare exercises. Other specialized training included small unit tactics, map reading, land mine warfare, communications, and firing the rifle, machine gun and rocket launcher.

## Obituary

### ROBERT CRAWFORD

Funeral services were conducted at 2 p.m. Friday in Messier-Broullere Funeral Home for Robert J. Crawford, 60, of Manistique Heights who was fatally injured in a mill accident. The Rev. William Kelsey officiated and Mrs. Roy LaMarche was organist. Burial was in Fairview Cemetery. Pallbearers were Don Dissinger, Cecil Taylor, Grant Taylor, Steve Selling, Arnold Henriksen and Ronald Thibault.

## Hospital

Admitted to Schoolcraft Memorial Hospital: Lewis Howe, Donna McGarry. Discharged: Averil Beaudry, Eugenia Deloria, Leroy Wismer, Elsie Olson, Nellie Smith, Marguerite Lyons and Christine Hinkley.

The present Boston Public Latin School was America's first public school, established in 1633, according to the Encyclopedia Britannica.

## Cooks

Pfc Albert E. Erickson, son of Mr. and Mrs. Gunnar Erickson of Cooks, is serving with the 9th Infantry Division in South Saigon. He arrived June 15. His brother, Kenneth J. Erickson has been serving in the demilitarized zone in Vietnam with the Seabees. He is enroute to stateside now.

## Under-The-Sea Theme Set For Tot Classes

"Under the Sea" week will be observed by children enrolled in the summer recreation program offered by the community school at Lakeside and Lincoln schools Tuesday through Friday from 9 to 11:30 a.m. Persons with objects, slides or other material for a specific week wishing to exhibit it for the children, may contact Mrs. Eugene Johnson. The program, attracting more than 160 children ends Aug. 18. Many visitors were on hand Friday to observe activities of Farm Week.

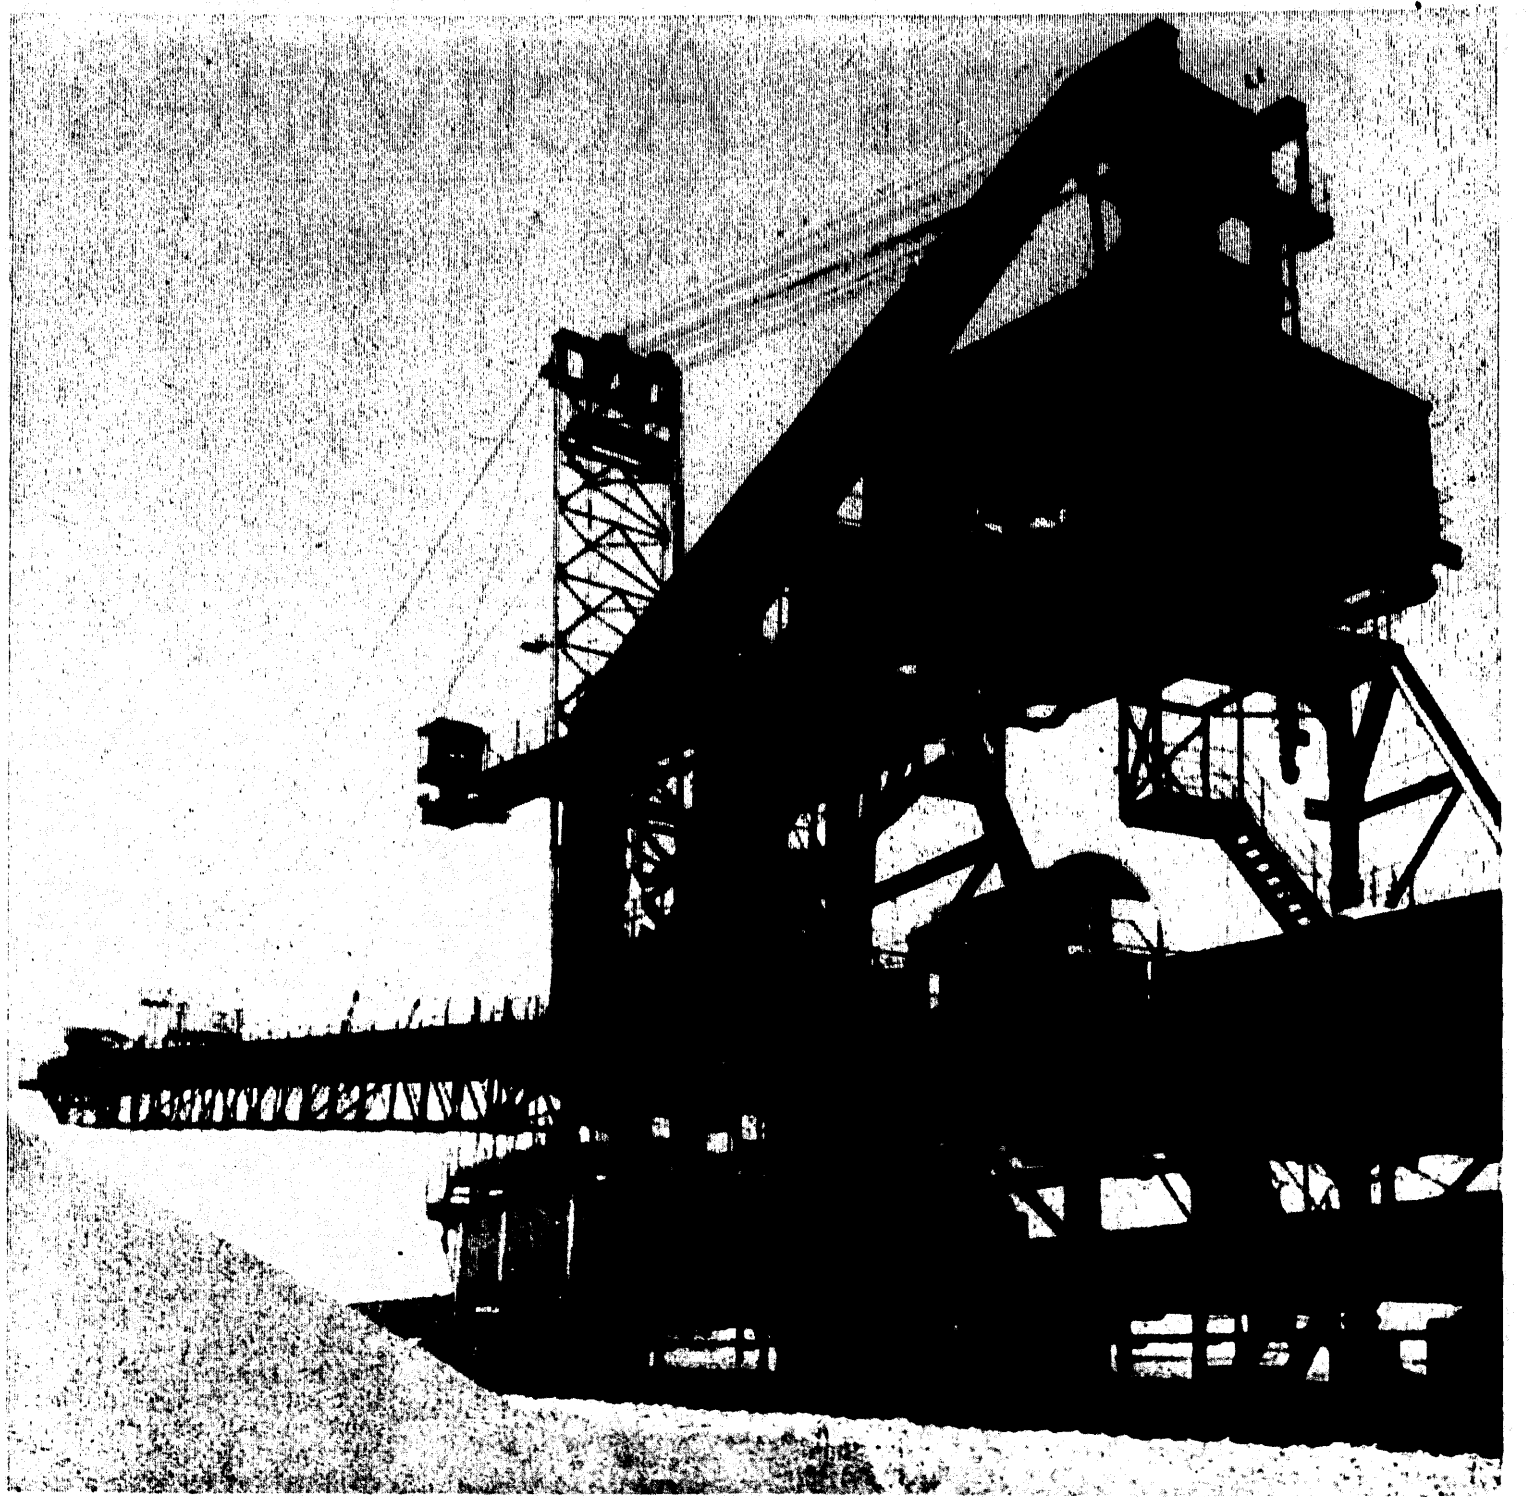

## Hastings Family Has Reunion

The Harry Hastings family was together for the homecoming for the first time in six years. Here for the event were ABH2 Noel Hastings, his wife, Donna and daughter, Jackie Lynn of USNB, Cuba; Frank Hastings and his wife, Nancy and daughter, Chris Lee of Pawaukee, Wis.; Mr. and Mrs. Martin Cousineau and Bucky, Brenda and Brian of Charlevoix; David Hursh of Kalamazoo. The group included the grandfather, Noel Hursh, at home, Mr. and Mrs. John Garvin and Darla Rae, Rita Hastings and Boyce Cousineau.

## Briefly Told

A regular meeting of the VFW Auxiliary will be held July 18 at 8:00 p.m. at the VFW Club Rooms. Hostesses are: Mrs. Ralph Deloria, Mrs. George Carney, Mrs. Martin Hoholik, Mrs. Mable DeSautel, and Mrs. Earl Malloch Sr.

Abraham Lincoln was the first successful presidential candidate nominated by the Republican party.

A GIANT-SIZED, specially designed traveling ore stacker of this type will be used in the Chicago & North Western's new Escanaba Ore Terminal to take the ore from the conveyor running from the rotary car dumper and stack it in the yard.

The stacks of ore in the 60-acre yard—3,000 feet long along Little Bay de Noc south of the dock—will be 225 feet wide, 50 feet high and 2,500 feet long. The yard will accommodate 1.5 million tons of ore. (C&NW Photo)

# State's Potato Yields Due To Hike Fourfold

LANSING (AP) — Michigan's potato production soon may spurt into proportions three and four times the current yield.

That's what some "potato belt" — Bay and Tuscola County farmers predict once provisions of a new irrigation law are carried out. The measure already has passed both houses of the Legislature and has been signed into law by Gov. George Romney.

The law allows farmers to organize into special districts and divert water from the Great Lakes to irrigate their fields.

**Lakes Protected**  
Rep. George Prescott, of Tawas City and a sponsor of the

bill, suggested that such irrigation projects also could help farmers of crops other than potatoes. Sen. Robert Richardson, of Saginaw, also sponsored the measure.

The Great Lakes won't be hurt by the water diversion. The law makes sure of that.

A provision of the law is that water may not be taken from the lakes by any means which "will significantly affect the levels of the Great Lakes and prejudice the state in its relations with other states bordering on the Great Lakes."

The law includes further protective provisions for the development and maintenance of fish and wildlife resources and the

health and welfare of the people of the state.

Here's what the law calls for: A majority of landowners in a specified area may vote to establish an irrigation district, if they own at least one-third of the land within the proposed district.

### Farm District

A district also can be established by any portion of the landowners if they own more than half of the land area in the proposed district.

The landowners petition the drain commissioner in the county that includes the greatest acreage of the proposed district.

An Irrigation Board — including the drain commissioners of each county involved, a representative of the state department of agriculture and the chairman of directors of each soil conservation district — sets the date for a public hearing. After that, with the permission of the state water resources commission, the district then goes to work.

### Expect Federal Aid

The board chairman makes out an assessment roll once plans for a specific irrigation project are outlined, then holds another public hearing on the assessments.

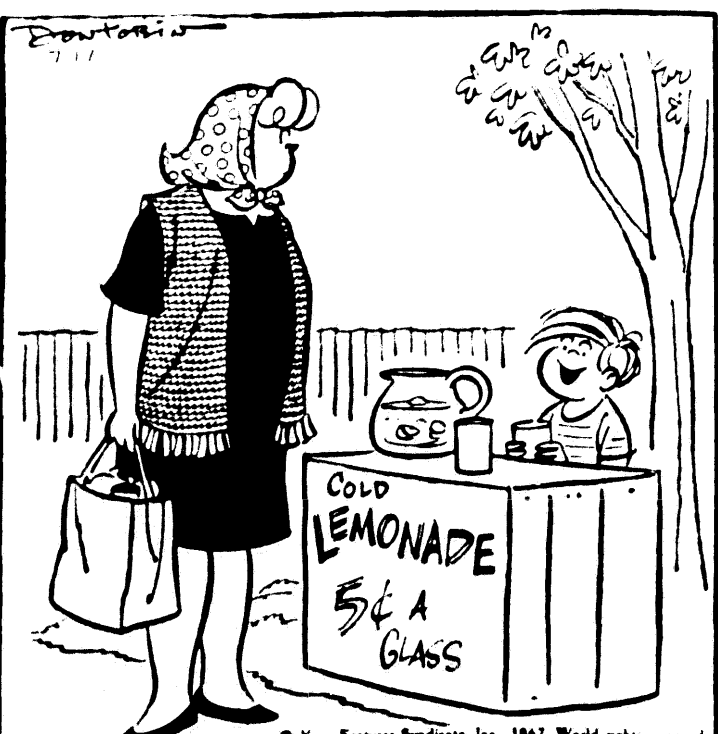

Officials expect much of the cost of the projects to be paid by the federal government.

Farmers will pay the expense of having the water channeled onto their land and also will be charged for the water they use. This money is expected to cover operation and maintenance costs of the project.

Irrigation districts may under the law collect taxes and sell bonds.

One project already is under way in the Munger area of Bay County.

# Manistique Wins Area 4 Crown

MANISTIQUE — The Upper Peninsula Little League tournament at Iron Mountain beginning Friday is the next stop for Manistique's Little League tournament team.

The Emerald City nine erupted for 14 runs on 12 hits Saturday to win their second straight Area 4 title with a 14-6 romp over Marquette.

In the consolation game, Escanaba defeated Munising 14-2 with Jim Moberg and Jim Nevela sharing the pitching assignment. Nevela contributed a home run to the Escanaba attack.

Manistique, which last year advanced to the Janesville, Wis., tournament before bowing out of National Little League competition, will make its first start in the U.P. District tournament Friday. Time and opponent will be announced later.

Saturday, Manistique opened up with a three-run burst in the top of the first inning and was never headed. Three more runs in the third inning made it 6-1, but Marquette shoved across four runs in the bottom of the third to close to within one run at 6-5.

The winners made sure of victory with three more runs in the fourth and five in the fifth.

Gerry Sample, who struck out 11 hitters while pitching the full game for Manistique, contributed three hits and scored four runs to pace the winner's attack. Guy Swagart also had three hits and scored three runs. Centerfielder Jack Romer had a home run.

Newspaper Want Ads are a big sell! One billion, twenty-one million was spent on classified ads last year . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

## Tavern Keeper Wins Tourney

SEATTLE, Wash. (AP) — For a jolly, red-faced tavern keeper who's been dabbling in golf 40 years, it was about time Verne Callison won another tournament.

He did it Saturday by sneaking an eagle in among a flock of bogeys on the tricky, 6,329-yard Jefferson Park Municipal course, where giant Christmas trees hug tightly against dry, narrow fairways and you need a magnifying glass to find most of the tiny greens.

The 5-foot-10 barkeeper, who carries a proper portion of his 190 pounds around the middle, scratched the National Public Links victory from the hands of Ron Stokley by one stroke with a two-over-par 72 in the final round. That gave Callison — a month shy of his 49th birthday — a 287 for the four-day, 72-hole event, seven over par.

"I'm so nervous I can't hold my hands still," said Stokley when it appeared the 26-year-old second-round par buster from Park Ridge, Ill., would win it.

"I was nine over par coming down the 17th, after picking up a birdie on the 15th," Callison explained between sips from a soft drink can in the press room.

"One of the officials put up one finger in the air and said, 'you need one more birdie.'"

Callison went him one better, coming up with the eagle instead. An easy par on the 18th sealed it up, and Callison—the oldest player ever to win the Publix when he took the title at Honolulu in 1960—once again is the oldest player ever to wear the crown.

The champ's steady, near-par rounds of 72-72-71-72 were too much for the younger early leaders who ran hot and cold. The earlier front runners, Mike Zimmerman, 20, of Kettering, Ohio, and Phil Torres, 22-year-old Alameda, Calif., truck driver, got onto a train of bogeys Saturday.

Zimmerman, the leader after the second and third rounds, stumbled to a 79 and tied for sixth, four strokes back at 291. Torres had a final-round 77 and wound up with 290.

Seattle postman Jim Everham, 40, was in the running until the last two holes, quitting with a 75, and settled for third place with a 289.

## Eaton Returns To NMU Clinic

MARQUETTE (AP) — Head football coach Lloyd Eaton of Wyoming will return to his old stamping grounds at Northern Michigan University Aug. 10-12 to help conduct the 21st annual coaching school at NMU. Eaton, who coached at NMU in 1956, will be joined on the coaching faculty by basketball coach Larry Glass of Northwestern.

The New York Rangers will train in Kitchener, Ont., next fall.

## Jack Smith Fires 69 To Win Nahma Open

NAHMA — Jack Smith of the Highland Golf Club fired a three-under-par 69 to tie a course record for 18 holes and win the 8th annual Nahma Open golf tournament.

Smith's score equaled a mark set in 1962 by Jerry Martin of Highland. It was good enough for a three shot victory over Mel Manske of Highland, who was second with a 72.

A field of 136 golfers turned out for the popular tournament, which began with a shotgun start at 8:30 a.m.

Smith, who had four birdies in an outstanding nine of two-under 34, played the back nine in a steady 35 with eight pars and a birdie.

Manske had nines of 36-36 for his even par 72.

Tied for third in the scratch event were Dave Friets of Highland and Warren Lasley of Flint with 74s. Dave Andrews of the Escanaba Country Club, Martin and Lynn Lasley of Flint tied for fifth with 75s.

In the handicap division, Clair Hoehn of Gladstone and Jim Cristensen of Highland tied for top honors with net 62s. Both men shot identical scores of 90 to go with 28 handicaps.

Bernard Aken of Munising and Mickey Moses of Escanaba tied for third place with 65s, while Maurice LaVigne of Nahma and Bob Rodda of Flint finished with 66s for a fifth place tie.

Defending champion in the scratch event was Lanny Johnson of Highland. He finished out of the prize list Sunday.

## Club Pro Tops Lincolnshire

CRETE, Ill. (AP) — Glenn Stuart, 33-year-old Grand Rapids, Mich., club pro, beat tour veteran Doug Ford on the first sudden-death playoff hole to win first money Sunday in the \$15,000 8th annual Lincolnshire Open golf tournament.

Stuart two-putted from 35 feet on the 392-yard par four 1st hole of Lincolnshire Country Club's No. 2 course. Ford, who pushed his second shot into the right trap, missed a 4-foot putt.

Stuart, in the last group on the course, came thundering out of nowhere to birdie three of the last four holes and tied Ford at 138. Ford had been assumed the winner almost 1½ hours earlier as he came off the last hole of the 36-hole, one-day tourney.

After a mediocre morning round of 72 on the par 72, 6,210-yard No. 1 course, Stuart blazed around the 6,244-yard No. 2 course in 66. He shot a 32 in the back nine.

He shot a two-under-par 34 on the front nine of the No. 2 course, and then set out on a string of birdies on the back nine.

"After the first 18 I didn't think I had much chance, until I got the birdie on 15 and went four under," the exultant Stuart commented. "Someone told me the leader was six under, so I just kept swinging."

Stuart said this is the first tournament he has ever won, but the \$3,000 first prize money is \$400 short of what he took when he tied for second in the 1964 New Orleans Open.

## Beard Costly To Jack Rule

WATERLOO, Iowa (AP) — Jack Rule Jr. of Waterloo invited a friend to play golf with him here during the weekend—and it cost the Iowa pro \$750.

The friend is Frank Beard, one of the hottest young golfers on the pro tour, who at Rule's urging agreed to play in the \$10,000 meet.

Beard came through with a three-under-par 69 Sunday to go with an opening round 67 and won by four strokes. He collected \$2,000.

The guy he defeated was Rule, who had to settle for the \$1,250 runner-up prize.

The Escanaba Daily Press has 86 per cent coverage in the City of Escanaba, 94 per cent in the City of Gladstone, 90 per cent in the City of Manistique and 83 per cent throughout Delta County. The Daily Press is a welcome visitor in 10,400 homes daily in a five-county Central Upper Peninsula area. Smart advertisers use the Escanaba Daily Press.

## Hodges Brews New 'Miracle'

By The Associated Press  
Two weeks ago, lippy Leo Durocher and the Chicago Cubs had baseball's miracle market cornered.

Now Gil Hodges, Durocher's antithesis in the managers' guild, quietly has begun making magic atop Capitol Hill.

Hodges' Washington Senators, campaigning for a place in the sun after 20 dark years in the American League depths, reeled off their seventh successive victory Sunday, trimming Cleveland 4-1 behind Ken McMullen, a 238 hitter, and Bob Humphreys, a nondescript relief pitcher making his second start in two seasons.

Elsewhere, Minnesota swept a doubleheader from California, 5-1 and 7-6, and climbed within one-half game of the first place Chicago White Sox, who split a twin bill with Kansas City. The Athletics won the nightcap 7-0 after bowing 5-1 in the first game. Baltimore edged New York 2-1 in 14 innings and Boston doubled Detroit 9-5.

## Hodges Exulted

Humphreys, opening on the mound after 30 relief appearances this year, blanked the Indians on three hits before giving way to Bob Priddy in the seventh inning. McMullen walked a pair of homers—his seventh and eighth of the season—as Washington matched its record winning string as an AL expansion club.

"I'm really worked up about this streak," said Hodges, who inherited a 10th place team half way through the 1963 season, piloted the Senators to a ninth place finish in 1964 and has brought them in eighth the past two years.

The victory left the Senators one half game behind Baltimore's struggling 1966 champs and within 4½ lengths of the first division. The last time a Washington club finished in the top half of the AL was 1946, when the old Senators wound up fourth in an eight-team circuit.

Bob Allison pinch hit a three-run homer for Minnesota in the first game and smacked a two-run seventh inning shot that tied the nightcap 6-6 before Rich Rollins' leadoff homer in the ninth completed the Twins' sweep.

Rollins connected off reliever Ken Turner, who also was the victim of Allison's decisive blast in the seventh inning of the opener. Dave Boswell stopped the Angels on four hits in the first game and reliever Al Worthington was the nightcap winner.

Throws Three-Hitter  
Southpaw Paul Lindblad earned the A's a split at Chicago by firing a three-hitter in his first complete game of the year.

BIG FIVE of the Chicago White Sox has the team at the top of the American League. From left, Jim O'Toole, Bruce Howard, Joel Horlen, Tommy John, Gerry Peters. The smiles aren't just because the White Sox are winning, but because everyone except John has just played a joke on the photographer by switching gloves. Thus Peters and O'Toole, lefthanders, appear as righthanders and righthanders Howard and Horlen appear to be southpaws.

## Swinging First Basemen Narrow NL Race

By The Associated Press

Ed Kranepool had a hot time in St. Louis while Ernie Banks played it cool in San Francisco.

And the swinging times had by these two first basemen Sunday were too much for the St. Louis Cardinals, who saw their National League lead cut to two games over the second place Chicago Cubs.

"I had a real cold spell after the All-Star break," said Kranepool after he turned hot with a pair of two-run homers to lead the New York Mets to a doubleheader sweep of the Cardinals, 2-1 and 8-5.

The 26-year-old Banks, who likes to play in San Francisco because "the cool weather here seems to give older players a boost," hit a three-run homer and a two-run shot to help the Cubs beat the Giants 9-0 and 3-2.

In other NL games, Atlanta edged Pittsburgh 2-1, Philadelphia trounced Cincinnati 8-0 and Houston swept Los Angeles 4-1 and 8-2.

"Fifteen homers for me is a good year because I don't have that kind of swing for home runs," said Kranepool, who connected with Tommy Davis on base in the seventh inning for his sixth homer to give the Mets their first-game victory.

Kranepool, who had gone hitless in 16 trips prior to the homer, singled in a run and then unloaded again with Davis on during a five-run burst in the fifth inning of the nightcap.

"To be where little cable cars climb half way to the stars," sang the jubilant Banks, who sent a ball all the way over the fence with two aboard in the first inning of the opener and then did it again with a man on in the second inning of the nightcap.

The Cubs had no trouble in the first game, Adolfo Phillips clinching it with a grand slam in the sixth, but they had a real

fight in the second game. Bank's homer was the only hit off Ron Herbel until Don Kessinger singled to lead off the ninth with the score tied 2-2. Glenn Becker forced Kessinger, but Billy Williams singled Becker to third from where he scored on Ron Santo's sacrifice fly off reliever Frank Linzy.

Jim Hart homered for one Giant run and Willie McCovey singled in the other.

Mack Jones' RBI single in the sixth inning snapped a 1-1 tie for the Braves, who had opened the scoring an inning earlier. Pittsburgh had tied it in the top of the sixth with an unearned run

MICHIGAN STATE and Notre Dame, last season the top two college football teams in the nation, contributed these players to the College All-Star team. They are, front row from left, Gene Washington, Clint Jones and George Webster of Michigan State, and, back row from left, George Goeddeke, Jim Lynch, Tom Regner, Alan Page and Paul Seiler, all of Notre Dame. (AP Wirephoto).

## Escanaba Babe Ruthers Fall In State Tourney

HARPER WOODS — Escanaba's Babe Ruth League All-Star team began the long trip back to the Upper Peninsula today after bowing out of the state tournament with successive defeats Saturday and Sunday.

Host Harper Woods pushed home a run in the bottom of the seventh inning Sunday for a 3-2 victory after Port Huron had dropped Escanaba into the loser's bracket of the double-elimination tournament Saturday 3-0.

In both games, Escanaba got

strong pitching but failed to

Allen Larson, who pitched the distance against Port Huron, allowed only five hits, but a walk, two Escanaba errors and two more walks gave Port Huron two runs in the first

inning. The winners added their third run in the fourth.

Escanaba's biggest threat came in the fifth when Jack Winters led off with a double and Steve Vanierberghie walked. Port Huron pitcher Jerry Kaercher worked out of

trouble, however, by striking out the next two hitters and retiring Winters at third on a force play. Kaercher allowed only four hits.

Sunday, Bruce Howard pitched a strong three hitter for Escanaba, but he couldn't get past Harper Woods' centerfielder Joe Karam.

After Escanaba jumped to a 2-0 lead in the third, Karam singled home two runs to tie the game in the 5th and then drove in the winning run with another single in the bottom of the seventh.

Escanaba's two runs came when Brian Larson walked, moved around to third on a bloop hit to right by Bruce Irving and scored as Harper Woods' second basemen overthrew third base. Irving moved to third on the overthrow and scored on a sacrifice fly by Bob Stacy.

Stacy, who left the game in the fourth inning when he was injured in making a play in

short left field, rejoined the team after examination at a hospital. He was returning to Escanaba today with the team. The team bus is expected to arrive about 6 p.m.

## Races Attract Largest Crowd

The largest crowd of the season turned out at the U.P. State Fairgrounds track Saturday and witnessed some of the best stock car racing of the season.

Allen Yelle of Sands captured the modified feature race. Bob Bowden of Escanaba won the sportsman feature.

Results:  
Modified 1st heat: Ed Provo, Escanaba; Pete Peterson, Escanaba; Joe Wurth, Menominee. 2nd heat: Jerry Richer, Schafer; Bob Iverson, Hyde; Gary Randall, Escanaba. ## Powers, Eskey Remain In Tie

Powers-Spalding and Escanaba posted easy victories at home Sunday to remain tied for first place in the Waubung junior baseball league.

Powers rapped out 16 hits in an 18-6 victory over Schafer, while Escanaba took advantage of seven Manistique errors for a 14-2 victory.

The triumphs leave Escanaba and Powers with identical 4-1 records.

Powers' victory was made easy by a pair of eight-run spurges in the fourth and fifth innings. Randy Fochesato had a three-run homer in the fourth. Doug LaCourse started on the mound for Powers. He was relieved by Doug Benson in the sixth.

Escanaba also coasted to victory, scoring four runs in the first inning, another in the second and then six more in the third. Rick Kuchenberg led the Cubs' attack with three singles. John Watt stopped Manistique on only one hit, a single in the seventh inning by Gary Sample.

## Mackinac Yachts Nearing Finish

MACKINAC ISLAND (AP) — A record-sized fleet of 168 yachts surged across northern Lake Michigan today on the last leg of the Chicago to Mackinac Island boat race.

Norsaga, Inferno, Escapade and Esbro VI were reported leading the field as the yachts sailed past North Manitou Island due west of Little Traverse Bay and some 80 miles from the finish line.

The four were spotted by race observers at the head of the fleet. Winds subsided slightly from the 9-knot breezes of Sunday and shifted from the south-

west to southeast.

The 333-mile contest is the longest inland race in the country. Winner is determined by corrected time according to a handicap system.

The 73-foot Escapade, one of the biggest entries, won the 1951 Mackinac contest. The vessel, owned by Peter Grimm of Chicago, returned to the race this year after spending intervening seasons in the Atlantic Ocean.

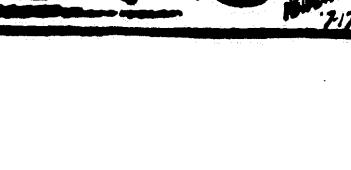

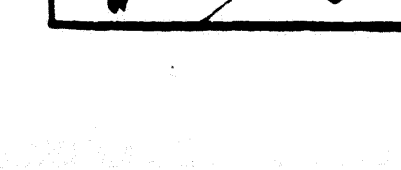

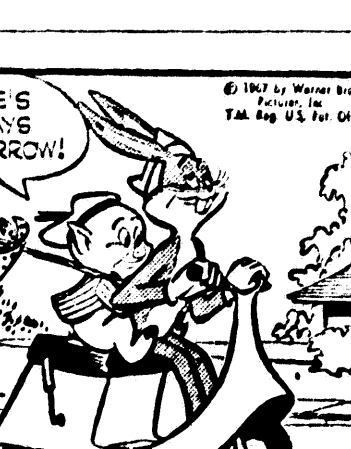

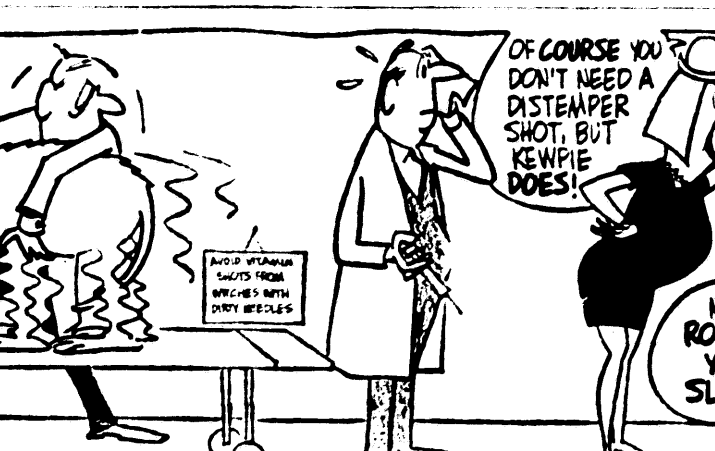

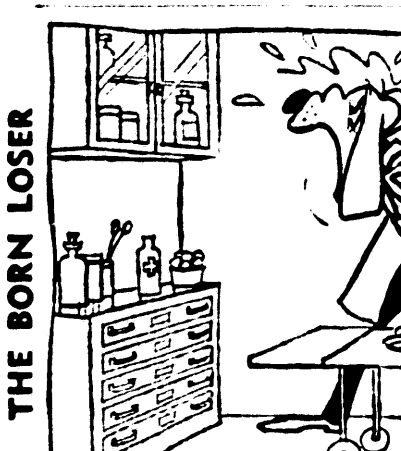

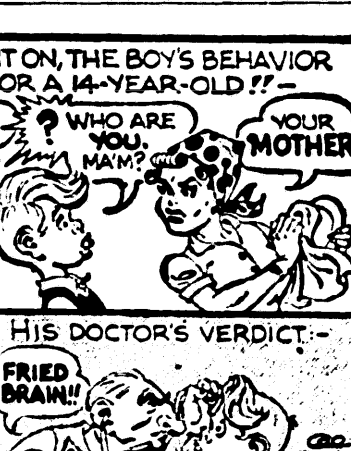

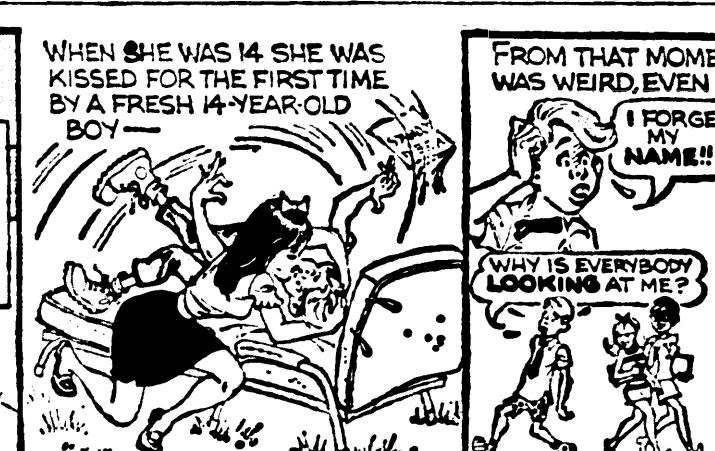

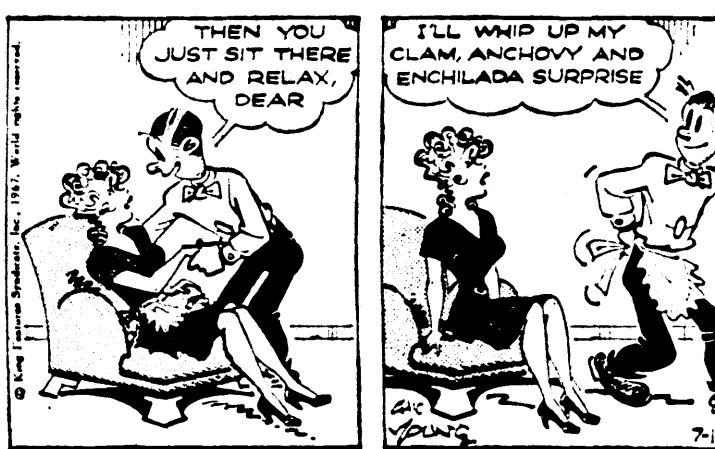

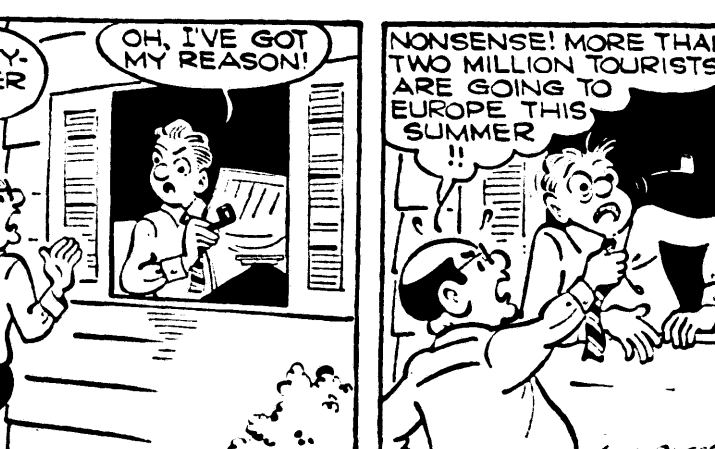

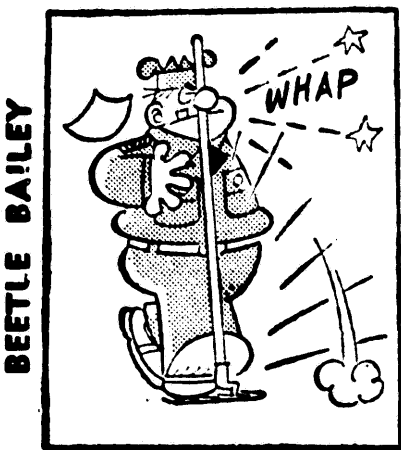

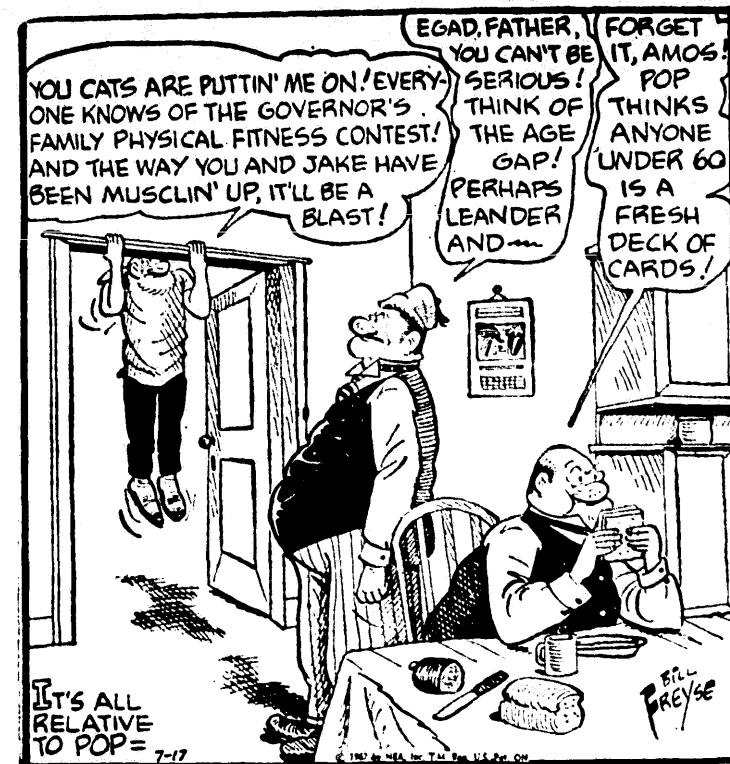

Norsaga was the scratch boat, giving time to all other craft. It is owned by Harry Ziemann of Milwaukee.

## Smith Rips Tigers After Sloppy Defeat

BOSTON (AP)—The Detroit Tigers face Boston again tonight with Manager Mayor Smith's tongue-lashing still ringing in their ears after a sloppy loss to Boston Sunday.

The Red Sox clouted the Tigers 9-5 Sunday, running Detroit's loss string to six games. It also toppled them into a third-place tie with Boston.

Smith locked the doors of the clubhouse and blasted his players for blunders. He said afterward they "played like a bunch of Little Leaguers."

"When a man makes an error on a ball, that is understandable, but there is no excuse for what went on out there today," he said.

Pitchers Jos Sparta and Pat Dobson misplayed two bunts and Boston parlayed them into seven runs.

Willie Horton cracked his 11th home run in the second inning to give the Tigers a 1-0 lead.

## Horton Homers

But in the Boston third, Reggie Smith and Mike Ryan singled. Darrell Brando bunted and Sparta threw late to third.

Mike Andrews singled and Horton bobbled the ball, so two men scored. Joe Foy sacrificed, but Tony Conigliaro followed more runs.

The Tigers got one in the fourth on a walk to Jim Northrup, an error on Don Wert's grounder and an error on Jim Price's slow roller. Ray Oyler walked to load the bases, but with two out Jim Landis pinch

hit for Sparta and struck out Boston grabbed three more in the fourth off Dobson. Smith singled and Ryan walked. Brandon bunted again and turned it into a single when Dobson didn't field it. Oyler bobbled Andrews' grounder and then threw wildly. Smith and Ryan scored. Carl Yastrzemski hit a sacrifice fly to bring Brandon in.

## McLain To Pitch

Detroit got two more in the six. Singles by Northrup, Wert and Price brought one man in. Oyler singled Wert home, but Mickey Stanley grounded out and Bill Freehan flied out.

Boston scored in the seventh on Yastrzemski's 21st home run. Stanley cracked a solo homer for the Tigers in the ninth.

Conigliaro's homer was his 99th, but he said "I was a little excited. I must admit."

He was so excited, in fact, he forgot to touch base the first time around. He ran about a third of the way down to second, then turned around, trotted back and emphatically stepped on the bag.

Denny McLain (10-10) takes the mound for the Tigers tonight against Boston's Lee Stange (4-6).

## LeBeau, Walker Fail To Report

DETROIT (AP)—The Detroit Lions today faced the prospect of starting their 1967 training lacking the services of veteran defensive stars Dick LeBeau and Wayne Walker.

Walker and LeBeau refused to join the Lions at Cranbrook School in suburban Bloomfield Hills where the rookies have been working out for a week and where the veterans were to report at 6 p.m. Sunday night.

They face fines of \$100 a day for not reporting.

LeBeau, a defensive halfback, and Linebacker Walker were among the approximately 15 unsigned Lions, but apparently the only ones who didn't report.

Lion officials refused to say how many men were unsigned or who hadn't reported. One Lion spokesman said it was impossible to tell, since Coach Joe Schmidt had given a few men permission to report late.

"We're a very young way apart," LeBeau said. "I asked for a pretty big raise and I guess they're not too interested in having me play for them this year."

Walker said, "I'm close to signing. We're just a little way apart. If everyone is in their right mind, we should settle this real quick."

The two were eating steak at Walker's house well past the deadline for reporting. "I haven't checked the clock lately," LeBeau joked. "What time is it?"

"I guess I won't make it," he added when told it was three hours past reporting time.

Most of the regulars were there, however, shaking hands and chatting as they idled around the school grounds. Alex

Karras drew a large audience with a long, involved joke. Darus McCord unwittingly played the straight man.

## Workouts Begin

Quarterback Karl Sweetan, who had been working out with the rookies, showed up with long hair and jokingly complained that he'd been ordered to get a haircut.

A player meeting Sunday night started official training. Today they underwent physicals and posed for photographs.

Tuesday regular workouts start under new Coach Joe Schmidt.

Schmidt, an assistant coach last year under fired Harry Gilmer, was a veteran star linebacker with the Lions.

The Lions will be trying to improve on last year's 4-9-1 record.

## Long Way Apart

"We're a very young way apart," LeBeau said. "I asked for a pretty big raise and I guess they're not too interested in having me play for them this year."

Walker said, "I'm close to signing. We're just a little way apart. If everyone is in their right mind, we should settle this real quick."

## MINNEAPOLIS (AP) —

"This team will do very well in Winnipeg, even without some good sprinters. Who's going to stop us?"

That was the appraisal today by Head Coach Cornelius (Dutch) Warmerdam of the freshly-selected United States track and field squad heading south for the fifth Pan-American Games at Winnipeg, Can., July 23-Aug. 5.

Actually, the 47-member men's squad and 23-member women's team determined after last weekend's trials at the University of Minnesota won't get into Pan-Am action until July 29—two weeks hence.

"This is a very good team, I don't see any weaknesses in it," said Warmerdam, pole-vaulter great of the bamboo pole era.

"There weren't any real disappointments in the trials—just some upsets, like Jim Grelle failing to make it in the 1,500 meters."

"We're missing some good

sprinters—you know who they are, but that can't be helped."

Dutch was referring to such sprinters as Tommie Smith, Charlie Greese and Jim Hines, who for one reason or another,

missed the 17-event trials from which peerless miler Jim Ryun also absented himself.

In the weekend trials, existing Pan-Am records were handsily surpassed in 13 of the 17 men's events and in six of the nine women's events.

Most noteworthy was a world record-matching performance by Southern California's NCAA champion, Earl McCulloch, who Sunday won the 110-meter high hurdles in 13.2.

McCulloch, a fine Trojan flanker back in football, whipped Atlanta AAU champion Willie Davenport by four yards as he equaled the world mark set by Germany's Martin Lauer in 1959 and matched by the USA's Lee Calhoun in 1960.

The 30-year-old Grille, pegged the best Pan-Am 1,500 meter fill-in for Ryun, was elbowed out of a berth by Tom Von Ruden, ex-Oklahoma State star, and Kent State's Sam Bair, both clocked in the modest time of 3:49.8.

## Soutar Wins By Three Pins

FORT WORTH, Tex. (AP)—Dave Soutar of Detroit nudged ahead in the final game to beat out Wayne Zahn of Atlanta by three pins for \$3,000 first money in the Fort Worth Open bowling tournament Sunday night.

Trailing by 2 pins going into the last game, Soutar bested Zahn 197-192. That made the Michigan bowler winner, 9,166 to 9,163.

## Coach Pleased With U.S. Pan-American Tracksters

MINNEAPOLIS (AP) —

"This team will do very well in Winnipeg, even without some good sprinters. Who's going to stop us?"

## Richeys Begin Title Defenses

MILWAUKEE, Wis. (AP)—

Nancy Richey and her brother, Cliff, were to defend their championships against a host of highly-ranked challengers in the National Clay Court tennis championships opening today.

Miss Richey, 23, after an unprecedented fifth straight women's singles crown, will have to contend against one of the strongest women's fields ever assembled in the 57-year-old tournament.

The field includes Mrs. Billie Jean King of Long Beach, Calif., the only player above Miss Richey in the U.S. Lawn Tennis Association's rankings.

Mrs. King is fresh from winning her second straight singles title at Wimbledon.

Also seeking to oust Miss Richey will be Rosemary Casals of San Francisco, the third-ranked women's player; fourth-ranked Tony Fretz of Los Angeles, and fifth-ranked Peaches Bartkowicz of Hamtramck, Mich.

## Gladstone News

## Briefly Told

The August Matson Post of the American Legion will meet tonight at 7:30 at the Legion Hall.

Leslie Scheuren of Milwaukee was driver of a car that struck a deer on Saturday on M-35 in Ford River Township, it is reported by State Police.

The Bay de Noc Conservation League will meet at the Kipling Hall at 7:30 tonight. Members are requested to note the change in meeting place for this month.

The theft of two cars in Delta County is being investigated by State Police of the Gladstone post. The cars were reported stolen sometime Sunday night from Kenneth Depuydt of Perkins and Wayne Lavigne of Rapid River.

No one was injured in the collision of two cars on M-35 at the north Gladstone city limits at 7:50 p.m. Saturday, it is reported by State Police. The drivers were Dorothy Spiveck of Brampton and Lawrence Choge of Gladstone. Choge received a traffic court notice for following too closely.

Allen Rabito, 17, of 746 N. 15th St., Gladstone, was sentenced by Justice Edward Goldsworthy to serve 90 days in the Delta County jail on a charge of entering without permission a cabin on the Stonington Peninsula. Sentenced to 30 days each were Wayne Smoot, 19, of 614 Dakota Ave., Peter Lake of 1323 Superior Ave., and Richard Smith, 18, of Gladstone Rte. 1.

State Police have issued traffic court summonses to Ronald Miller, Manistique Rte. 1, speeding and no proof of insurance; Mary Boudreau, Old State Road, Escanaba, expired registration plates; David Briggs, Bark River, no operator's license and no proof of insurance; Laurie Ranta, Rock, no registration plates and no operator's license; William Davis, 203 N. 18th St., no operator's license and expired registration plates; Ralph Thonhahn, 201 N. 11th St., no proof of insurance or registration.

**FULL DRESS "BALL"**  
Calling a full dress dance a "ball" stems from the early practice in Naples of holding a ball game before the dance of the "Feast of Fools." The full dress for men was the odd custom used during the ball game.

## College At Soo Loses Its Jail

SAULT STE. MARIE (AP)—Lake Superior State College has lost its claim to being the only college in the country with a built-in jail.

The new four-year college, located on the site of historic Fort Brady, has been renovating old military buildings for expansion and educational use.

The former post guardhouse was stripped of several tons of steel to make way for a proposed communications center at the college.

Until its demolition, the old jail had been used occasionally by students for kangaroo courts and other collegiate hijinks.

## DeFant, Bridges End Law Firm

MARQUETTE — Michael F. DeFant and E. Nickolas Bridges announce dissolution of their law firm, which has been operating under the firm name of DeFant and Bridges.

DeFant, who is judge of probate for Marquette County, is withdrawing from the firm to limit his practice, due to the increasing demands on his time in the probate court. Temporarily he will maintain an office in Negaunee.

With the dissolution of the old firm Bridges announced the formation of a new partnership with a former law school classmate, James M. Collins, formerly of Saginaw. Their offices will be in the Bridges Building.

Bridges has been practicing law with DeFant as a partner since Jan. 1, 1960. Prior to that, Bridges was a research assistant for Justice John D. Voelker of Ishpeming when the latter was justice of the Michigan Supreme Court.

## Woodcock Hunt To Open Early

For the first time, the woodcock season in the Upper Peninsula this year will open Sept. 15 — two full weeks ahead of the opening of the remainder of the small game season.

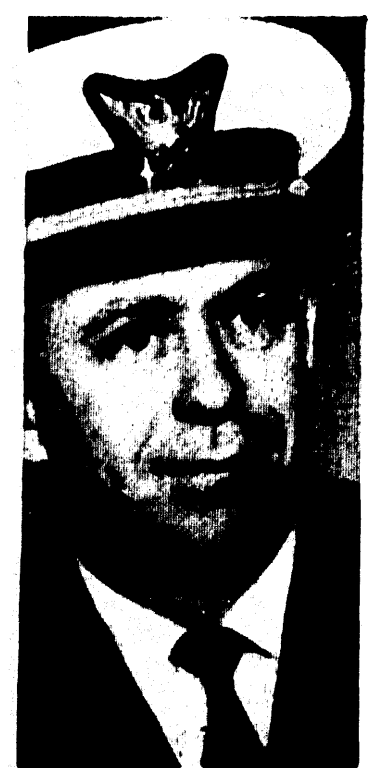

Meeting at Higgins Lake, the Michigan Conservation Commission Friday approved the Sept. 15 opening date throughout the Upper Peninsula and northern Lower Peninsula to allow hunters an opportunity to bag more woodcock before the birds migrate.

This was the only major change in small game hunting regulations in the Upper Peninsula from last year.

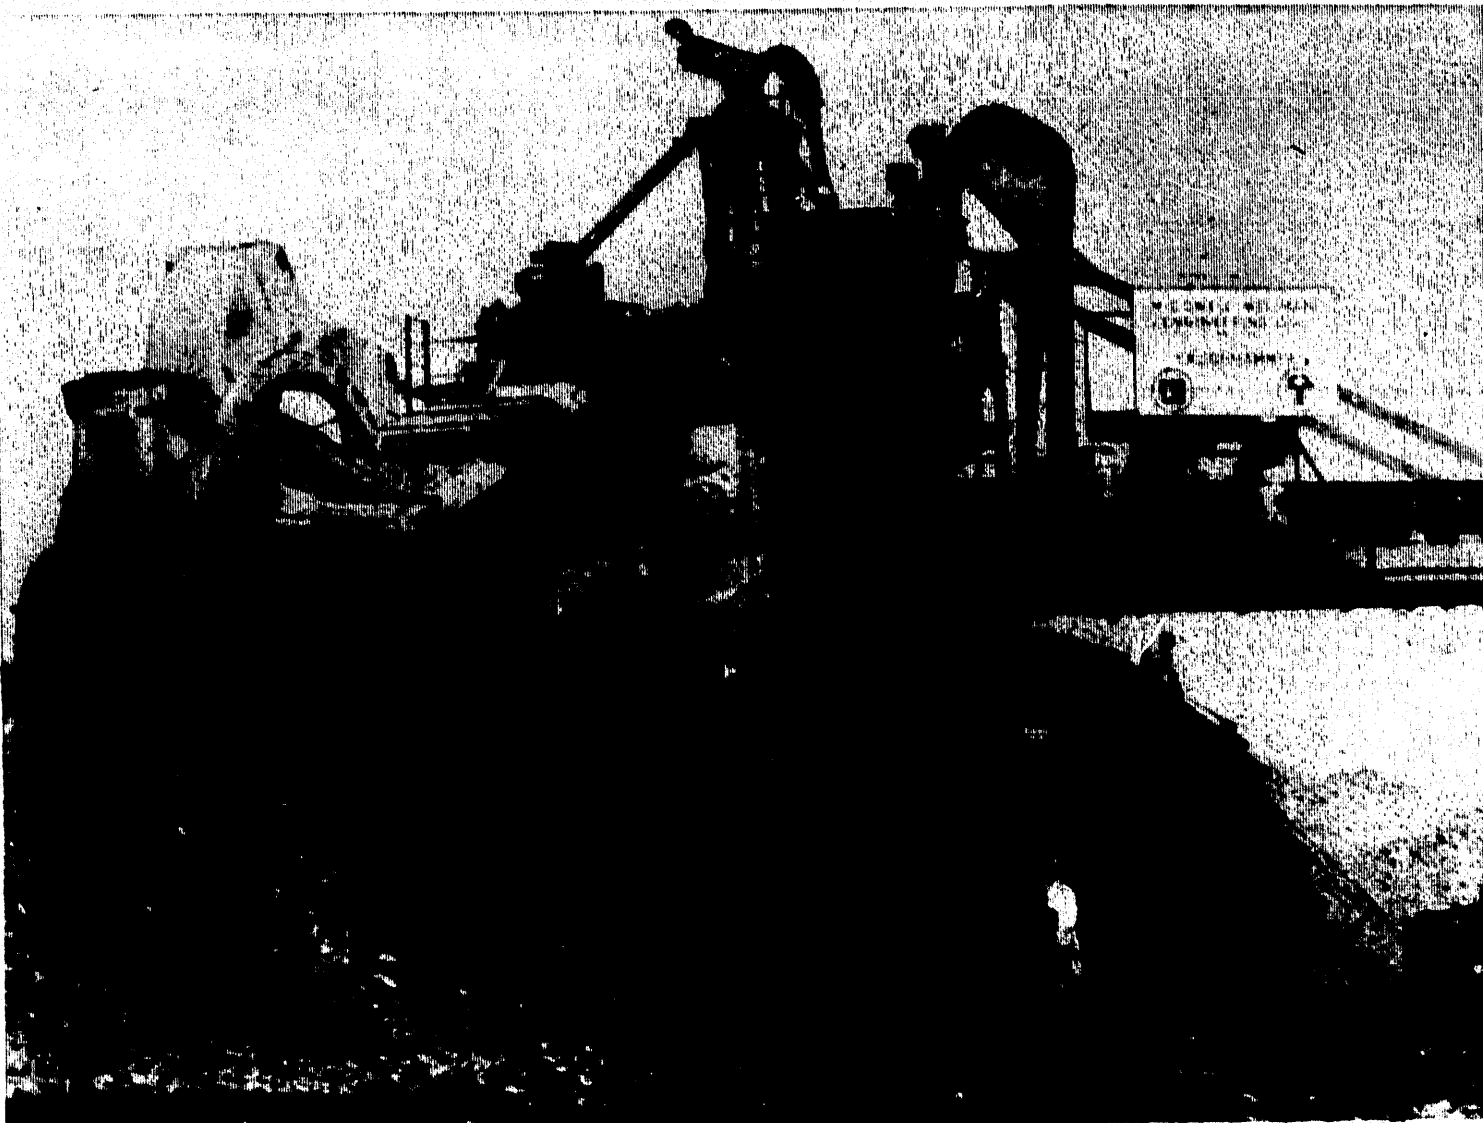

One minor change was approved. Seasons on rails, gallinules and jacksnipe will start with the duck season and will not extend beyond the duck season. For snipe and rail, however, there is one exception. A special experimental early season season will be held on these species concurrently with the regular early season in those areas which will be open to early teal hunting.

In the past, the snipe season did not necessarily open concurrently with the duck season, and it was possible to hunt snipe with the end of duck hunting. The only areas in the Upper Peninsula in which the early teal (and jacksnipe) season will be conducted for holders of permits will be Portage Lake in Houghton County, Little Bay de Noc in Delta County and the St. Mary's River in Chippewa County. The season will extend from Sept. 15 to Sept. 23.

The tapir is the only living odd-toed hoofed mammal that is native to the Americas.

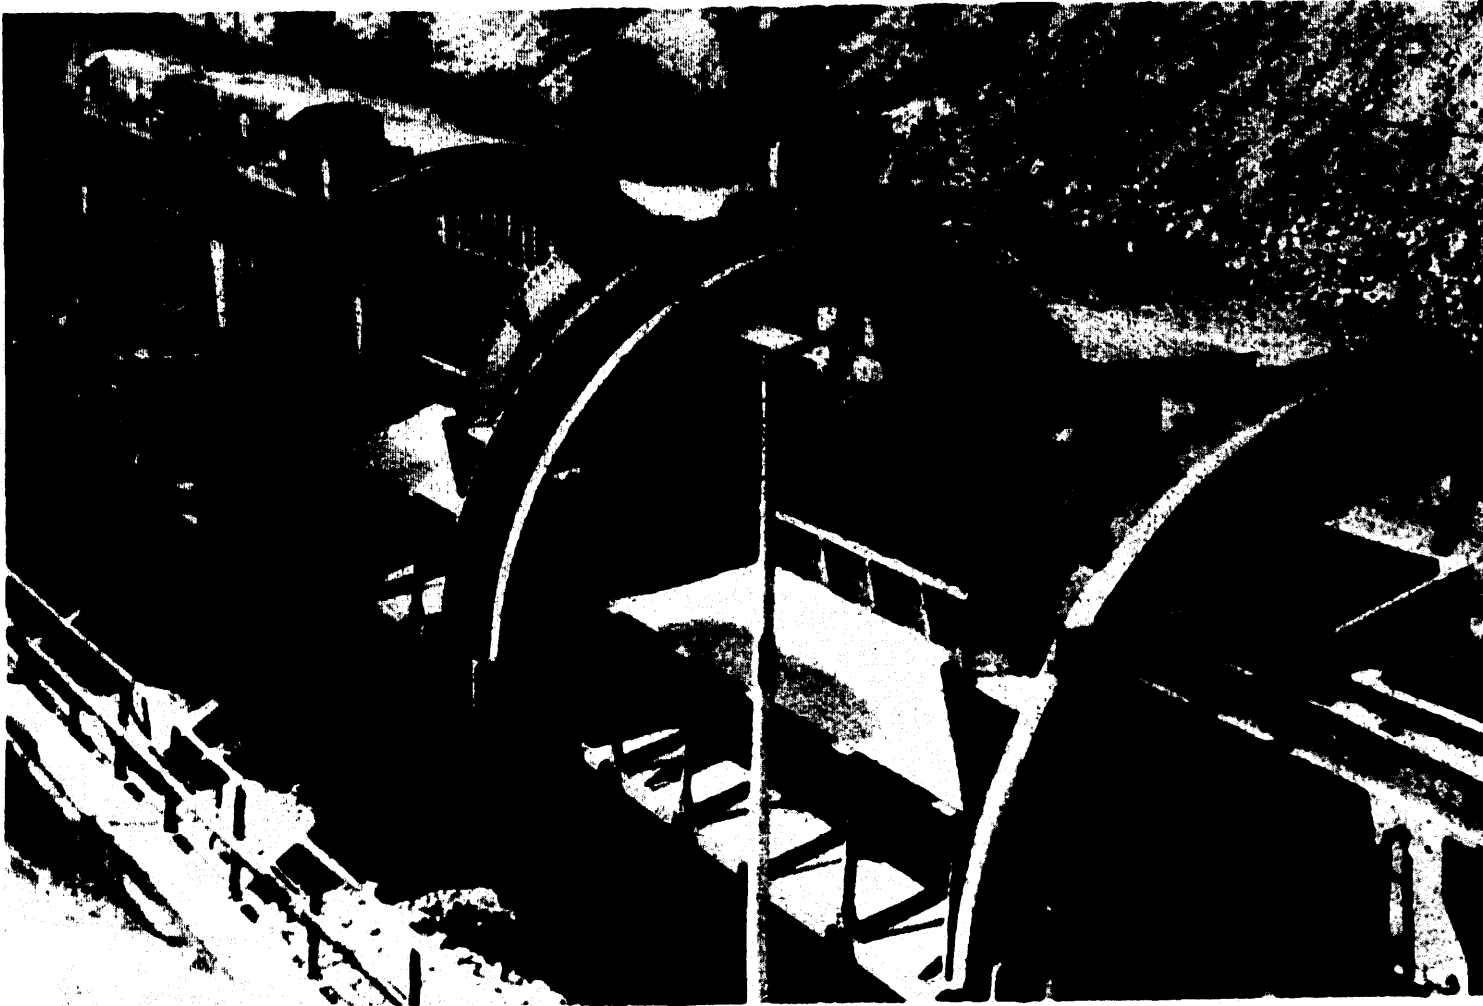

THE COAST GUARD Cutter Mesquite will have Lt. Commander Gordon H. Dickman, a native of Antigo, Wis., as its new commanding officer. He succeeds Commander Phillip B. Moberg, who on Aug. 1 will be assigned to New Orleans district office. The Mesquite, stationed at Sturgeon Bay, is often at Escanaba in its services to navigation and in search and rescue operations.

ORE WILL BE taken from storage stacks in the Escanaba Ore Terminal by this reclaimer and put back into the conveyor system that will take it to the dock for loading into

lake vessels. This multi-bucket excavator will have a capacity of 7000 tons per hour. (C&NW Photo)

THIS TYPE OF rotary car dumper will be installed in the Chicago & North Western's new \$12.3 million Escanaba Ore Terminal. Unit trains arriving from the iron ranges will be automatically positioned and unloaded, three cars at a time, at a rate faster than 100 tons a minute by a 72-foot tandem

rotary car dumper like this one. It will be on a new rail line to be built just shoreward of the C&NW main line tracks in the new ore terminal on a direct route to the dock. (C&NW Photo)

# Ore Dock Goes Low And Speedy After Century

The Chicago & North Western Railway was the first of the rail lines in the upper Great Lakes region built specifically to facilitate the movement of iron ore from inland mines to the lake shores for transfer to ore vessels.

On April 22, 1862 the Peninsula Rail Road Co. of Michigan was organized with the objective of building a 62-mile line from Little Bay de Noc on Lake Michigan to the Jackson Mine at Negaunee. Work was started immediately on construction of the new railroad and by the end of 1863 the line had been completed from Escanaba to Negaunee, with operations geared for the first movement of ore in the spring of 1864.

Since the Peninsula Rail Road was a construction subsidiary of the North Western, the operation of the line from the very beginning was conducted by the parent company. The Peninsula line, incidentally, was not physically connected with the lines of the parent company until 1872 when North Western's main line, extending north from Green Bay, reached Escanaba. In the interval, between 1864 and 1872 the lines were linked by a steamship line operating between Green Bay and Escanaba.

**Starts In 1864**  
In 1864, the first rail shipping season of iron ore in the Upper Michigan region, the North Western hauled 31,072 tons of ore to its first Escanaba ore dock, known as the Merchants Dock. Very little is remembered about this dock, except that it was constructed in 1863 to handle ore and to receive supplies and materials for building the railroad. Within a few years the railroad required a new dock and from that time until the early 1900's dock construction was one of the major industries in Escanaba.

To keep pace with the growing size of ore carriers, each new dock was generally higher, longer and equipped with greater storage capacity and more pockets.

In 1864 when records were

first maintained, 1,355,000 tons of iron ore moved through Escanaba and in the subsequent 83 years only once — in 1932 — did ore shipments through the port of Escanaba fall below 1,000,000 tons. In the 83 recorded seasons, shipments were above 5 million tons 34 times. Since 1963 shipments have averaged more than 6 million tons annually.

**Steel Industry Shifts**  
Since 1864 more than 355,000,000 tons of ore originating on the Menominee, Marquette and Gogebic ranges have moved over the Escanaba ore docks, the only ore transfer facilities on Lake Michigan. With the expansion of steel plants on the Great Lakes, particularly in the Chicago region, the strategic position of Escanaba has been growing in importance.

Down through the years all the docks at Escanaba were basically the same in operation and design as other ore docks on the Great Lakes. Loaded cars of ore moved over the top of the dock, their contents dropping into storage pockets.

When a vessel was ready for

loading, it moved up to the dock and chutes connected to the pockets were lowered to the holds of the vessel. With the opening of pocket doors, the ore would fall by gravity through the chutes into the vessel.

**Escanaba's Docks**  
Since 1863 when the Merchants Dock was constructed, the following describes the docks erected at Escanaba:

Dock No. 1 - Built in 1871-72; 1008 feet long by 37 feet high; 168 pockets; and 16,800-ton storage capacity. Reconstructed in 1889; 1104 x 48½ feet; 184 pockets; and 24,104-ton storage capacity. Dismantled in 1911-12.

Dock No. 2 - Built in 1880-81; 1152 x 39½ feet; 192 pockets; and 20,928-ton storage capacity. Dismantled in 1897.

Dock No. 3 - Built in 1879-80; 1200 x 39½ feet; 200 pockets; and 20,000-ton storage capacity. Reconstructed in 1895; 1356 x 52 feet; 226 pockets; and 30,284-ton storage capacity. Destroyed by fire on Oct. 24, 1924.

**Dock Rebuilt**  
Dock No. 4 - Built in 1887-88; 1500 x 48 feet high; 250 pockets; and 32,750-ton storage capacity. Destroyed by fire on Nov. 29, 1897. Reconstructed 1897-98; 1500 x 59 feet; 250 pockets; and 32,750-ton storage capacity. Destroyed by same fire that destroyed the No. 3 dock in Oct. 1924.

Dock No. 5 - Built in 1890-91 for the Escanaba, Iron Mountain & Western Ry., a C. & N. W. subsidiary; 1392 x 53 feet; 232 pockets; and 43,152-ton storage capacity. C. & N. W. took over operation of the dock shortly after its completion. Reconstructed 1908-10; 2220 x 71 feet; 370 pockets; and 120,250-ton storage capacity. Retired shortly after World War II and dismantled in 1960.

Dock No. 6 - Built in 1903; 1920 x 70 feet; 320 pockets; and 80,000-ton storage capacity. Reconstructed in 1924; 1920 x 70 feet; 320 pockets; and 80,000-ton storage capacity. Currently

## Lester Johnson Is President of School Board

HERMANSVILLE — The Board of Education at its recent meeting elected Lester Johnson as its new president. Woodrow Trudell was re-elected vice president; Reuben J. Marcoe was re-elected treasurer; and Louis Menard, secretary.

Thirty students are participating in the summer remedial reading and recreational program. Instructors are Mrs. Robert Maki and Lloyd Wilson. Teacher aides are Randy Fochesato, Marilyn St. Juliana and Vicki Prue. The summer program will end July 21.

Superintendent of Schools Donald Hill needs four instructors to complete his staff for the ensuing year. Teachers are needed for the second grade, commercial, mathematics and home economics.

Summer work on the school includes sealing the floors, repainting some of the rooms. Equipment purchased includes new blackboards and shades, new tables for the home ec room, 150 new folding chairs and new library furniture. The board is asking for bids for gas conversion units for the school.

Pre-school clinic, physicals by the Delta Menominee Health Department for the kindergarten enrollees in the Hermansville public schools will be held July 18 from 9 to 11 a.m.

The annual budget meeting of the Hermansville Public Schools will be held Aug. 9.

## Sen. Schweigert To Meet July 28 With Historians

A special legislative committee named to plan for the observance of the tercentenary of Father Jacques Marquette, famed French Jesuit explorer whose name is closely associated with early Michigan history, will meet with the Historical Society of Michigan at Munising on July 28, Senator Thomas F. Schweigert (R-Petoskey) said today.

Senator Schweigert, chairman of the special committee appointed last year, said the meeting would be held at 10 a.m. at Mather High School in Munising.

Among plans being considered for the Fr. Marquette observance are establishment of a national memorial to the explorer priest, who died in 1675 in the Ludington-Manistee area and whose remains are believed buried in St. Ignace.

Speakers at the State Historical Society meeting will include James Babcock, Chief of the Burton Historical Collection; David M. Fridovich of the Department of Conservation; and Dr. James Fitting, Curator of the University of Michigan Museum of Anthropology.

Visits to several northern Michigan historical sites are scheduled.

## Drive For A New Detroit Hospital

DETROIT (AP)—A campaign to raise over \$10.2 million by public subscription toward the \$23 million Harper - Webster Medical Center has been announced by Ray R. Eppert, chairman of the Harper Hospital board of trustees.

The project includes a 348-bed seven-story medical teaching facility on land between Harper and Grace hospitals.
